# FlipBuilder Online Hosting Add-on Service

A reliable and affordable online publishing solution for everyone. FlipBuilder Hosting Add-on Service is designed for uploading and storing your digital publications. This service offers you an effortless process to upload and share your

uploading and storing your digital publications. This service offers you an effortless process to upload and share your

digital publications to your website and social networks. It allows you to engage audiences effectively and interestingly.

Get started today and get more leads and sales!

**Important:** Hosting Add-on Service is **Not included** in the FlipBuilder Software package and you will be **charged separately**. If you want to remove the demo watermark of your online publications, you need to purchase FlipBuilder Software and activate the software.

## Important Notice

- The hosting content without private and monetized settings will stay live after the paid hosting period expired.
- The book content will still be submitted to search engines if you have enabled the "Search Engine Indexing" before uploading.
- By default, a FlipBuilder banner will be added to the bottom of your books.

If you want to remove the banner, you can purchase our [Hosting Add-on Service](#). Naturally, we reserve your right to disable these books in the "[Manage Books](#)" section.

# Hosting Add-on Benefits
