MULTI CARRY STRAPS

The Hab.365 pack is your new essential pack. Meant to be used 365 days a year with its very convertible design. With an Airspace™ ballistic 600D shell, durable HF welding construction, and a lifetime warranty; We are sure this pack will be superior on all your missions on earth and beyond. Cinch down your side straps on the pack for your daily commuter, fill the full 30L for your long weekend, or pack in the full 45L conversion for wherever your mission may take you. Enjoy the free laptop sleeve. Stay extra organized with our Locker insert, and keep your favorite beverages and snacks chilled with our cooler insert.

The 365 can flatten down to a compressed size of 26" long x 18" wide x 2" depth, with the top rolled for the 30 liter size.

When the pack is full, and the top rolled up for the 30 liter size it is about 24" long x 12.5" wide x 8" depth.

The pack also expands to a 45 Liter; Allowing the pack to expand at the top an additional 10", creating a total length of 34".

The pack with light carry will fit under the seat or above in the storage bin on flights.

When it's maxed out you will want to use the rain cover that is hidden at the bottom of the pack and check your bag. May your missions be more enjoyable!

SOLD OUT

The Hab Locker is the ultimate organization for your gear.

Great for traveling to the beach while needing to keep dry goods separate from wet. A photographers go to for handling multiple lenses and equipment. Or, just traveling in general to keep clothes flat and un-wrinkled with out mixing with wet toiletries.

Built with padding and insulation, YKK Zippers, handle for carry at the top, snaps in for secure placement in your 365 Backpack and rip stop material. Made only with the best materials, but yet still very light weight.
