Description Reviews

The shape design is beautiful and smooth, paying attention to the details of life, and the humanized design can not only accommodate soot, but also enhance the taste of home interiors.

Ceramic material, fine porcelain, smooth glaze, first-class texture, handmade, not easy to fade.

The bottom is unglazed, rough, with stronger friction, not easy to slide, and more stable.

Small mouth design, soot is not easy to fly out, keep the environment clean and reduce cleaning pressure.

Easy to clean, just rinse with a little soap and water, hand wash or put in the dishwasher.
