Overview

The new **Prime Vision ISF** Series by EPV Screens® brings reference-grade performance to your home theater or media room. The screen's design features ISF certified matte white projection material on a 2.4" aluminum, hand-wrapped velveteen frame. As the name suggests, EPV's **ChromaWhite ISF** front projection screen material is fully **ISF Certified** to provide top-tier performance. It gives accurate color rendition that exceeds the requirements of the highest broadcast quality standards as well as the industry's

most discriminating integrators. The ChromaWhite ISF material has a 1.25 Gain reflectivity level in addition to a very wide viewing angle. It is crafted specifically for environments that have controlled lighting such as dedicated home theaters and media rooms.

*** [Watch our Review](#)

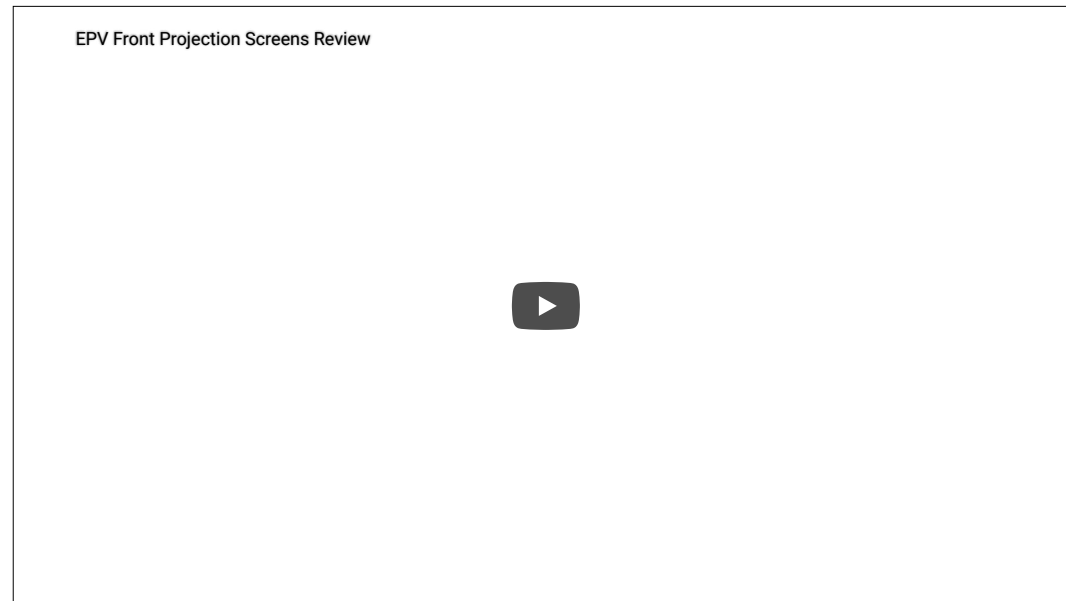

- ChromaWhite ISF tensioned matte white material with 1.25 Gain
- Wide 180° Viewing angle with diffusion uniformity reflects a bright image across the entire surface for superior off-axis performance
- Black-backing eliminates light penetration for added brightness
- 4K/8K Ultra HD, HDR Ready
- Certified by the Imaging Science Foundation (ISF) for accurate color points, dynamic range, and color temperature
- Limited Lifetime Warranty

Design and Installation

- Fixed-frame tensioned projection screen
- Lightweight Aluminum split-frame design for cost-effective transport and easy room access
- Sliding wall mount brackets are horizontally adjustable
- Hand-wrapped velveteen on (2.4-inch thick) aluminum framework

New 2022 Sony Home Theater Laser Projectors

Sony's latest front projectors take light output to new levels with their new laser light engines. These are all far brighter than the models they replace, but Sony did not stop there. They all have a special video processor called X1 Ultimate for Projector that is shared in their top-of-the-line model. New 4K SXR panels and an improved optical block with the processor work to deliver a far superior HDR image. We also noticed huge improvements when watching compressed streaming content.
