PRODUCT DESCRIPTION

SuperPPE Nitrile gloves for medical use 3.5C Nitrile Exam Gloves, Non-Sterile, Powder-Free, Blue, Small, 100 Count

Nitrile

SuperPPE exam gloves are non-sterile, ambidextrous and disposable

Textured fingertips provide excellent tactile sensitivity and increased dexterity to reduce hand fatigue. Featuring a beaded cuff to stop glove from slipping

Latex-free and Powder-free gloves are designed with improved conformability, providing a superior fit and extended wear time

Nitrile gloves offer strength, comfort, and protection. Your hands will feel safe and secure while using SuperPPE Nitrile exam gloves

Tested for use with chemotherapy drugs and approved for protection against drug exposure

Product Description

Use SuperPPE Exam Gloves to keep you and your patients safe. Their ambidextrous design adapts quickly and easily to either hand. The compact blue medical examination gloves are single-use and maintain a hygienic clinical environment. SuperPPE gloves are powder and latex free for reduced chemical sensitivity. Textured fingertips provide better grip and dexterity when handling tools. Beaded cuffs fit snugly against the wrist to seal in substances and make glove removal easier. These medical examination gloves are suitable for a range of tasks, including handling chemotherapy drugs.
