Description

Reviews

Soft and stain resistant PU leath, the material has no formaldehyde, no peculiar smell, and excellent quality assurance, you can buy it with confidence.

This portable changing pad is lightweight, takes up no space and is easy to use in a crib, bassinet or car.

It can be washed many times, recycled, not easy to fade, the quality can stand the test of time, and the price is afford.

The diaper changing pad has very good air permeability, is easy to clean and dry, and takes care of the baby's delicate skin.

When you go out to the mall or travel with your baby, bring this diaper changing pad, which allows you to easily cope with various scenarios and no longer clutter your hands.
