★★★★★ great buy for the price

I needed one of these for my fs-250 and it worked great the only thing is you have to cram it in there get the screws lined up and use a screwdriver to pry the air gap open and then tighten the bolts other than that it's a great buy

Junk from China again. Lasted 30 minutes! Seems like small engine parts are often a crap shoot (real crap) when you get them. Sometimes they last, sometimes they don't.
