Rockstar GREEN STAR SEALER is a water-based penetrating sealer formulated for use on a wide variety of mineral-based floor finishes including natural and man-made stone, tiles, concrete, and terracotta. It's applied as a final coat to the floor surface to protect against the ingress of oil and waterborne staining substances.

Description

Rockstar **GREEN STAR SEALER** is a water-based penetrating sealer formulated for use on a wide variety of natural stones such as Marble, Limestone and Terrazzo.

USES

GREEN STAR SEALER will protect against the ingress of oil and water borne staining substances. Excellent for use in food environments and where solvent based sealers cannot be used.

BENEFITS

- Environmentally friendly with low VOC content
- Does not change the appearance of the treated surface
- Durable and highly water and stain resistant
- Does not inhibit the water-vapour permeability
- Ready to apply, no dilution required
- Rapid curing
- UV Stable

Technical Data Sheets

Please access the product information sheet and Material Safety Data Sheet (MSDS) below:

PROPERTIES

Appearance and colour.....Amber Liquid
 PH.....7-8
 Specific Gravity (Water = 1)1 g/ml
 Boiling Point100°C
 Solubility in WaterMiscible
 Flash PointNon-flammable
 VOC Content38 gm/Lt

APPLICATION INSTRUCTIONS

Always apply first to an inconspicuous area or scrap piece of stone to ensure the suitability of this product for your floor finish.

Ensure the surface to be sealed is clean, dry and free of any oils and other surface contaminants.

Apply GREEN STAR SEALER undiluted using a lambswool applicator or low pressure hand sprayer.

Ensure that the surface is evenly coated without leaving wet pools of product on the surface. Apply a second coat as soon as the first coat has dried (1-2hr).

The product will cure in 5-10 hours depending on atmospheric conditions.**COVERAGE**

COVERAGE

Coverage is dependent on the permeability of the surface and is in the range of 6-10 Mt² per litre.

PRECAUTIONS

Do not allow pools of liquid **GREEN STAR SEALER** to dry on the surface as a resin will develop on the surface that is difficult to remove. Follow good industrial hygiene practices when using this product. Avoid contact with skin and eyes by wearing suitable protective gloves and eyewear.

Greenstar Sealer is below the VOC Content limits of chosen category specified by Green Star Design, Green Building Council of Australia.

CLEANING

Clean all equipment in water.

PACKAGING

GREEN STAR SEALER is available in 1, 5 and 20 litre packs.

STORAGE

Keep container tightly closed when not in use. Store in a cool, dry place out of reach of children.

DISCLAIMER

The advice and information contained herein is based on our best knowledge of the product. We believe the information to be accurate and reliable as at the date supplied, but no representation, guarantee or warranty, expressed or implied, is made to the accuracy, reliability, or completeness of the advice and information. We urge persons receiving this advice and information to make their own determination as to the advice and information's suitability and completeness for their own particular situation. When in doubt it is always prudent to perform a trial on a scrap section of material, or inconspicuous section of the job to ascertain the products suitability.
