Reviews **2**

Interface:USB
Number of keys:3
Transmission method:wireless
Size (mm):107*59*26.5

Features:Sleek design and responsive buttons, provides very soft click with less noise, no more disturbing for others with the loud clicking sound.This Wireless Mouse would be the best partner for your business trip in terms of lightness and portability, the USB Receiver could be stored inside the mouse, and won't be misplaced again.
