Description Reviews (1)

- Using HEPA active carbon filter, can capture 99.97% of airborne particles 0.3 microns in size, such as PM2.5, dust particle, dander, pollen, cigarette smoke and peculiar smell.
- The design of the air purifier features 360° air intake, that will be faster to refresh the air in your room. The refresh rate is 5 times per hour than the regular one. Mighty with large purification area covered is suitable for an area of 302 sq.
- Filtering the air with lowest noise level of 24 dB is perfect for restful and soothing indoor environment, which is helpful to sleep deeply. Air purifiers for home large room the light is not strong at night, which will not bring you any discomfort while sleeping. More care for mother, baby and children.
- Easily take this small air purifier to anywhere, office, living room, bedroom, even traveling, what you require is just an adapter. Always have fresh air around you, keep your life healthy.
