The second secon

DESCRIPTION RETURN & WARRANTY SHIPPING POLICIES

[Good Connection and Fixation] - The screws can provide a good connection and fixation, nice for fixing wall outlets at your home or office, and replacing the broken or lost screws.

[Top Quality] - The screws are made of stainless steel, which is reliable, sturdy and strong, not easy to rust or corrupt, and not easy to deform or bend, The screw head and screw are not easily broken, retaining their colors and shapes after long time use, reliable and long lasting.

[Widely Applications] - Can be used extensively in daily decoration and furniture installation. It allows the joining and fixing of two pieces of material without pre-drilling, and it can even be used to join thin metal to thin metal. Therefore, it is commonly used for fixing and joining thin metal,

[The Best Service] - We provide you with a 1-year warranty and a 30-day return guarantee, all you need to do is to contact our customer support directly. If you have any dissatisfaction, please feel free to contact us and we will serve you immediately.
