★★★★★ **Cutest little pots!**

Reviewed in the United States on October 19, 2021

Size: 24 Pack | **Verified Purchase**

These pots are really adorable. Honestly I tend to go for "fashion" over function, so the fact that the bottom holes aren't all completely open and have plastic still blocking half doesn't bother me too much. There's still enough openings that the water drains and absorbs as needed. They're absolutely adorable. Stronger than the flimsiest of pots that crack and you can split open with slight hand pressure. I assume removing the baby plants from their pots will be a challenge because the base doesn't have a "pop out hole", but we will see when I get there. If the holes on the bottom need to be perfect for you, maybe try something else. But if you don't mind, go for it!

★★★★★ **Perfect little pot!**

Reviewed in the United States on September 11, 2021

Size: 24 Pack | **Verified Purchase**

I've used 2/3 of these already and getting ready to order more. Here's what I did like... they're sturdy which means they're also durable. I love the little tray that comes with them and when I sell plants my customers are very pleased that they get a tray along with their potted plant. And of course the cost per pot is also extremely reasonable. The only thing is the color. I'm not sure why I ordered White because every speck of soil shows up on it. But that's on me so I still am giving them five stars.

Love these for propagating. The square shape is perfect to fit a lot more plants in one space in comparison to circle planters. I also love that they have perfectly sized saucers to go with them.

Excellent little pots for propagating. The tiny dish at the bottom was a plus. Very thin plastic but does the job! Would buy again.
