Wedding calligraphy services available. Order envelope guest addressing to full calligraphy invitation design. Dallas calligrapher and nationwide calligrapher is able to provide custom and professional stationery for life's celebrations. Experienced in traditional and modern calligraphy, Nicole is able to create unique and one of a kind wedding collections to reflect the celebration. You can now find a small collection of ready-made invitations in her on-line shop. Designed to be turn-key: everything included except the postage and mailing for you, this collection even includes hand calligraphy guest addressing.

Wedding invitations are typically mailed 6-8 weeks before the wedding. Please reserve time for your calligraphy project in advance. 100 envelopes takes approximately 5 days, depending on my schedule, plus mailing time. 100 place cards take 2-3 days. To ensure availability, please book in advance. I pride myself on a quick turnaround time. Depending on current workload, rush orders may be accommodated. Please don't hesitate to ask.
