★★★☆☆ **Fits snugly for the RODE Wireless GO 2 - But!**

Reviewed in the United States on June 1, 2022

Color: Black | **Verified Purchase**

I would have given it a 5 Stars, but only gave it a 2 Star. I wish they had an opening to display the LED. I did not want to cut open and ruin the product. I have the attached image with the red over to show what I am talking about. This product is awesome. I will buy it when they have this issue fixed.

★★★☆☆ **They are okay.**

Would rather see a number on each cover like 1 & 2 so you know which mic is which. They are overpriced for what you get.

★★★★★ **A must have**

Reviewed in the United States on December 26, 2021

Color: Black | **Verified Purchase**

This is a must have if you want to hide the hideous logos and lettering when using them in the shot. I understand branding but come on. They stick out like a sore thumb and this is a perfect solution while providing a little protection.

★★★★★ **Pricey but great fit!**

Reviewed in the United States on August 29, 2021

Color: Black | **Verified Purchase**

These have already saved me from the talent's accidents and hard cement a couple times. The fit is great and you can even see the indicator lights through the silicon if you have it set to bright.

I feel like they are priced a little steep since you can buy a phone silicone case for about 5 bucks but they do thier job.

on the plus side they get rid of Rode's overly loud branding, making them look a bit more professional and that helps me get more work. :)

los micros de rodé, son muy pequeños y parecen delicados, sin duda la funda permite mantenerlos bien cuidados, no estorba para nada
