- **Soft Light & 3 Different Settings:** Reading lights eliminates 99% of harmful blue light so that they give off a gentle, calming light that's ideal for night reading and falling asleep quicker. Although the lowest setting is usually bright enough, our book light has 3 brightness modes, making it the perfect reading mate before going to bed.
- **Not Disruptive:** Worried that your nighttime reading will disturb others in the room? With 3 brightness options, our booklights for reading will effectively help you read in the dark without disturbing your spouse, partner, kid, or roommate.

- **Great Quality & Lightweight:** The neck on Reading lights are adjustable so it easily bends however you need it. The clip can open wide enough to clamp to a headboard, yet it also clips well to books or the edge of a pillow. It is small and lightweight, ideal for travel.
- **Rechargeable & Great Battery Life:** No more wasting money on batteries! Our reading lights for books come with a built-in rechargeable battery, letting you enjoy up to 80 hours of reading time (at the low brightness setting). Not only does the battery have a great battery life, but it's rechargeable and charges very quickly.
- **Multipurpose & Warranty:** Because it provide enough light, our rechargeable book light can be used for more than just reading! It can be used as a nightlight to help you walk safely when you get up during the night, as a flashlight when you drop something in the dark, or as a light for nighttime diaper changes – the uses are endless! If you have any question, please feel free to contact us. We are always willing to help you.

Please note that due to limitations in photography and the inevitable differences in monitor settings, the colors shown in the photography may not correspond 100% to those in the items themselves
