## THE TEN HOEVE REALTY GROUP

We have the best job around. We get to take this gargantuan, stressful "chore" of buying or selling a home, which is cloaked in so much misinformation and mistrust from people's horrible past experiences, and completely turn it on its head...to where people at the end go "wow, that was easier than I thought". And, even better we make new friends out of clients. That's why we rank in the Top 1% of Realtors... nationally!

While the AVERAGE agent closes 3-5 deals per year, this year The Ten Hoeve Realty Group is on target to close over 160 home sales and \$100,000,000+ worth of sales volume this year. It's that experience that we put to work for YOU!

We are a full-service NJ real estate agent team, delivering results ranking us nationally in the Top 1% of all Realtors, with boutique-style customer service. We specialize in reducing the average time to sell a house in NJ, helping clients choose the best time to sell a house in NJ, and helping buyers identify the best Monmouth County homes for sale and Bergen County homes for sale.

Selling Colts Neck NJ real estate takes a Realtor who understands the ins and outs of septic systems and equestrian farms. Selling Rumson NJ real estate takes an expert in the different neighborhoods and school districts of towns on the Two River Peninsula.

In a sellers market, helping buyers find the right houses for sale in Bergen County takes skill and effort; door knocking, neighborhood canvassing, and going beyond the Bergen County MLS. Assisting buyers find their dream homes for sale in Colts Neck or other Monmouth County towns takes an extensive network of broker contacts to identify off-market properties and homes not available on the Monmouth County MLS.

These aren't just skillsets that all members of our team possess, but specialties we are known for. We get more offers accepted and negotiate better purchase prices for our buyers. We sell more homes over asking price and negotiate stronger contracts for our sellers. Want to know how?
