♥1pc*8ml nude pink gel nail polish; suitable for spring, summer, autumn, winter, meet your different needs in any occasion, you can DIY your nails anytime!

♥ HEALTHY INGREDIENTS: vfrua Glitter Gel Nail Polish is made from natural resins and has a non-toxic formula. They are low in odor, rich in color, medium in consistency, self-leveling, without shrinkage and edges.

♥Good Tenacity: This nude pink nail gel is highly pigmented and can last up to 21 days when properly applied. Decorate your nails with a gorgeous clear off-white nail polish, perfect for French manicures, manicures and wedding manicures

♥UV LED Light Requirements: The clear pink gel polish needs to be cured under UV/LED light and cannot be air dried. We strongly recommend bending for 60 seconds with an LED light.

♥Reminder: Avoid contact with eyes, mouth and skin with gel nail polish. If this happens, wash it with water immediately. If you feel unwell, contact your doctor immediately.

So Pretty

Color is very sheer even after 2 coats but is still very pretty 4/5 would recommend
