- Glass
• Keep Tracking Changes with a Glance - Always keep an eye on your body to help you reach your goal.
• 13 Essential Body Composition - The smart scale not only shows weight but also BMI, body fat, subcutaneous fat, body water, protein, BMR, body age etc., by electrical Bio-Impedance Measurement Technology.
• High Accurate Scale - equipped with 4 high precision sensors and 4 good sensitive electrodes, with advanced technology to ensure your accurate readings with division at 0.2lb/100g, up to maximum capacity 400lb/180kg in 0.1 lb/0.05kg increments.
• Sync with Health Apps - Free download FITDAYS app on IOS and Android, and FITDAYS app can easily sync with other fitness Apps like Apple Health, Google Fit, Samsung Health, Fitbit and so on, which let you store and share your data more conveniently.
• Larger platform more stable - The 6mm tempered glass and 11.8 x 10.2 inches surface are thicker and larger than most others, which makes it more comfortable and safer to stand on, and more clearly to see the White LED display data.

Product Description

Why shall we need a Bveiuign Smart Body Fat Scale?

- Bveiuign smart body fat scale adopts advanced Bioelectrical Impedance Analysis (BIA) Technology to measure 15 key body composition.
High quality control ensures your accurate data reading to know your every day's changing, saving your historical progress daily, weekly, monthly, even yearly on Fitdays app.
Moreover, Bveiuign Fitdays app can sync with other health apps, like Apple Health, Google Fit, Samsung Health, Fitbit, etc., which help you easily login and share data.

Please note: If you have a pacemaker or other internal medical device, we don't recommend you to use any products that adopt BIA technology.

Bveiuign smart scale is with 4 high accurate sensors and 4 BIA electrodes, to let you know much better your overall body status.

The Fitdays app provides detailed charts and saves historical data to track the changes of your body composition over days, weeks, months or even years. Its Athlete Mode also gives fitness persons a precision analysis of their body.

One scale unlimited users . Everyone can easily check their weight. You can also save your body data as privacy on your APP, or share it with your friends on other social applications.

Bveiuign scale wakes up whenever you step on it, that means no annoying waiting time.

"Lo" means the battery power is low, and the batteries should be replaced.

ER1 indicates that the scale is overload. Please remove the weight on the scale immediately to protect the sensors.

Free download FITDAYS app from app store or Google play, and FITDAYS app can easily sync with Apple Health, Google Fit, Samsung Health, Fitbit and so on, which let you store and share your data more conveniently.

Great scale!

Reviewed in the United States on August 17, 2022

Verified Purchase

This is a great scale! It has so many features, yet is easy to use, even for those who don't want the extra features and just want a simple scale! I basically fit both of those categories. I will definitely, eventually, download the compatible app, turn on Bluetooth and sync the scale to my smartphone, in order to take advantage of the many features that are offered (like learning my BMI, tracking my weight loss, etc) BUT, right now, I'm just using the scale to check my weight a couple times a week, as I am in the process of losing weight (I have lost 40 lbs in the past 3 months!!)

This scale is the perfect choice for anyone who needs one, whether you want a simple one that just displays your weight, or you want one that will give you an accompanying app that will offer you a large array of options and features that will allow you to learn, follow and reach any goals you set out to achieve! This scale offers the best of both worlds! And the price is right too! You simply cannot go wrong with this one!

I love the product so much I bought one for my sister and my friend. My friend loved it so much she told her sister and she bought one. When you see all the information you provides you will think twice about your health. It's a must buy.

Veronica Torres

Great extra options with this smart scale

Reviewed in the United States on September 10, 2022

Verified Purchase

I like the size and accuracy of this scale. I did not like that have to use a specific app. The app is more than decent but not amazing. I would definitely recommend this for anyone trying to learn more about their weight besides just how much the number is in the amount.

Victoria

Defective or intentional?

Reviewed in the United States on August 20, 2022

Verified Purchase

Scale is great and does what it needs to do except I've noticed it will read two different weights. The first weight in will read 154 but if I do it again and stand exactly the same it'll drop to 152 and stay that way afterwards.

I recommend testing your scale if you get it, unfortunately I found this out when the return window was over and I can't find a way to contact the seller to ask if my scale is just defective. Be aware of this! Always test twice.

Reviewed in the United States on September 9, 2022

Verified Purchase

This scale is pretty accurate (pretty Mitch matches my dr's scale abs info) works well and I don't have an issue with the app. Syncs with Apple health seamlessly.

★★★★★ Great scale but I don't use the app

Reviewed in the United States on August 17, 2022

Verified Purchase

I really like this scale, but I have never used the mobile app feature. For price and style this was the best scale for me. I have been using this scale for almost a year and i still love it.

One note is that because it is glass you do need to clean it from time to time. But it cleans up well and easily.

★★★★☆ Great value, works great

Reviewed in the United States on September 3, 2022

Verified Purchase

Was a great value. Works great right out of the box and app was easy to download and use. Had a fitbit scale before and it was a little more complex to set up initially. I like all the added metrics. Came quickly and looks nice.
