Dry off after a bath or shower with this textured bath towel. It also works well for use at the beach or pool. This towel is treated to resist odor and deterioration from mildew, mold, and bacteria. In addition to feeling soft against the skin, the textured bath towel provides effective absorbency and reliable strength. For easy home care, the basics bath towel can be machine washed and dried.

Please note that due to limitations in photography and the inevitable differences in monitor settings, the colors shown in the photography may not correspond 100% to those in the items themselves.
