Spark Change, LLC. (“Spark Change”) agrees to supply and install all necessary material and labor in order to complete the installation of a Solar Electric grid tie system and/or a Home Grid Energy Battery System pursuant to the terms of this Sales Agreement. Spark Change will install the components according to state and manufacturer specifications. If the system installed has a capability greater than 11.7 kW DC or 10 kW AC and equal to or less than 100 kW AC, the Customer agrees to provide and maintain not less than one million dollars (\$1,000,000) of Personal Injury and Property Damage Liability Insurance. Proof of said insurance shall be provided by the Customer and attached to this Interconnection Agreement.

PV Size: N/A kw
