**Material : Metal**

**Brand : CANTENDO**

**Color : White**

**Light Source Type : LED**

**Power Source : Corded Electric**

- Gentle on the Eyes: LED luminaires give off a soft, flicker-free glow, with twenty adjustable light settings that help this lamp better align with your visual acuity, so your eyes don't have to fight to adjust to unbalanced light wavelengths for reading, working and studying.
- Built-In USB Port: Includes a 5V, 1A USB port that can fully charge a phone, smartwatch, tablet or any other USB device, so you can keep your smartphone or tablet within reach while charging.
- Automatic Memory Function: The lamp remembers the most recently selected light color and brightness settings and will employ those settings when you turn the lamp on again, instead of reverting to defaults.
- SAFE PACKAGING: Due to the long product, it is easy to cause collision during the transportation process and affect the quality of the product. We have customized a very strong cardboard box instead of a regular carton. We hope that the products delivered to you are perfect!

Please note that due to limitations in photography and the inevitable differences in monitor settings, the colors shown in the photography may not correspond 100% to those in the items themselves

#### **PROMPT AND CARING CUSTOMER SERVICE**

Highly value customers' satisfaction and tolerate zero quality issue. If you're not thrilled with its performance, please let us know
