# Take control of your career

Why jump through hoops? UNA takes the headache out of getting hired, by providing a standardized, universal intuitive mobile platform to complete competency testing and easily manage your credentials. Say goodbye to “re-testing” in your specialty every few months with every new assignment. You own your test results, your checklists and your credentials.

## Stress-free credential management

As a healthcare professional, you’re required to have licenses, certifications, and health documents – managing them shouldn’t be the hard part. Our mobile technology let’s on-

documents – managing them shouldn't be the hard part. Our mobile technology lets on-the-go healthcare professionals easily store and share documentation of their credentials on their mobile devices. 24/7 Access. No more paper trails. ## More than an app

### Universal Compliance

Our exams are curated by subject matter experts, meet the Joint Commission standards for competency evaluation, & can be accessed from anywhere (which means no more PDF downloads!)

### Web Responsive

All functionality works great on any mobile, tablet or desktop experience. Candidates can access UNA from the gym, in the car, or even in the produce aisle.

### Easy Credential Sharing

UNA Wallet allows 24/7 access and sharing of your candidates credentials and documents - all in-platform. Submitting candidate profiles and credentials has never been easier. Gone are the days of endless email chains and paper trails.
