Peace of Mind Product!

I love that this stuff is not filled with toxic gross stuff. It's an added bonus that the peppermint actually smells AMAZING! I use it on my 2 dogs as well as myself for our regular morning hikes. Little tip- if you're putting it on your dogs spray it onto your hands first, they'll appreciate it!

Wanted to get away from the chemical products and so far this is doing it's job. He smells good too. Excellent product. His groomer recommended Wondercide...Read More
