CONVERT

Create additional revenue with our "profit boosters"

As well as high-converting cart pages, you can also easily create one-click upsell funnels, bump offers, trials, subscriptions, courses and much more.
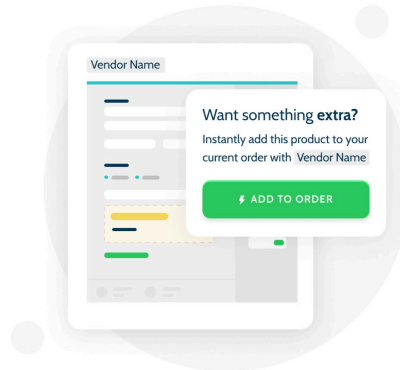

BOOST

Increase average order value with eye-catching bump offers

Present high-converting bump offers to your customers during their checkout process, easily.

UPSELL

Deploy one-click upsell funnels designed to convert

Sell more and create high-converting funnels in a few minutes, or, add upsell buttons to your own pages for maximum flexibility. All powered by ThriveCart.

ENGAGE

Embed your cart anywhere to capture more sales

Easily create modal or embeddable carts to add to any site in seconds. Turn your visitors into customers wherever they are.
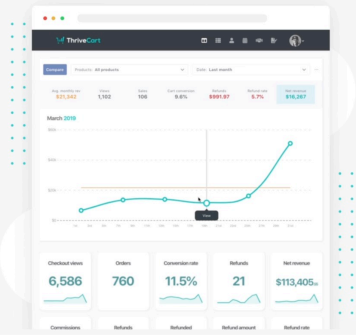

CONNECT

Seamlessly integrate with tools you already use

Share data with other tools, connect to your autoresponder, use your own invoicing, tax calculation or fulfillment service and much more. ThriveCart integrates easily with the other software your business needs.

Grow profits with intelligent business insights

Powerful real-time metrics, forecasting and data to help keep your finger on the pulse.

- ✓ Live traffic and conversion rates
- ✓ Lifetime value, average daily revenue
- ✓ Manage subscriptions and reduce churn
- ✓ Quick projected revenue and forecasting [PRO]

Alex Sebastian The quality you "keep" putting into thrive is exceptional.

Jose Cernuda Thanks for everything you're doing to make this platform amazing. You guys are going to be the industry standard by which all other carts are compared once you launch publicly.
Like · Reply · 😊 3 · October 14 at 7:38pm · Edited

Kevin McClellan Josh Bartlett we all deeply appreciate everything you and your team does. It frustrates us also that other providers are building clunky systems. I never had a problem with any of your platforms and have had nothing but awesome support. I have never found a bug in anything. I personally use EVS and love it. That is honestly the driving factor behind my purchase for TC as I knew without a doubt it would 100% work and do the things I needed (and do it better than the others). Keep up the great work!! 😊
Like · Reply · 😊 8 · October 27 at 1:11am

Tanya Rivera-Falcone ThriveCart BY FAR was one of the best investments in my business. The level of support, never mind the functionality of the software (which is also amazing), is unlike any other. Josh and his team are rockstars.

MJ Pamintuan
October 23 at 11:39pm · Facebook Groups for iOS

Josh, Dale and the rest of the ThriveCart crew - I just wanted to take a moment to tell you how much you are appreciated by me and many, many others here. As I said before, I jumped on ThriveCart back in January when you first launched the pilot knowing full well that I wouldn't be using it any time soon but fully trusting that it was going to be kickass.

I wasn't wrong.

And man, I gotta say that I am both in awe and inspired witnessing how you have treated us to not just consistently exceptional customer support but with such detailed updates and RESPECTFUL responses... no matter what has been directed at you.

I don't frequent or comment on FB very much. But I make it a point to come in here and check in because it's been amazing to see all the updates especially of new added features (it's like Christmas seeing those!) as well as all the thoughtful posts/responses you guys put out there.

So just wanted to say I count it a privilege to have been a customer of yours for years and that I am super grateful I get to grow with ThriveCart now too. Thanks for burning the candle at both ends for us. But I hope you guys do find time to rest. 😊

You all are a breath of fresh air in this crazy industry. Take pride in how high you've set the bar for how to run a business and how to treat both customers and non-customers. It is something to be modeled without a doubt...

Thanks again my friends! 😊

Nigel Aslett MJ Very well put! 1000% agree with every word.. thanks for voicing my thoughts 😊
Like · Reply · 😊 2 · October 24 at 11:19am

Dale Miles Thanks for the kind words MJ Pamintuan, we love seeing this type of feedback 😊

Have a great day 😊
Like · Reply · 😊 3 · October 24 at 1:51pm

James Hessler Yup. What he said.
Like · Reply · 😊 1 · October 24 at 8:33pm

Eric Sullivan I could not agree more. I can't tell you how much money I have lost with lifetime software that then goes away or even better, the owner decides lifetime in the IM world is 3 years or so. I can tell from how you treat your customers Josh that you mean what you say. That is a rarity in this industry. Thanks for everything.
Like · Reply · 😊 3 · October 24 at 8:39pm

Richard Rose Your at the top of your game and highly respected. Just a matter of time before people who are using other platforms migrate to yours.
Like · Reply · October 27 at 6:11am

John H. Davis Jr. Just wanted to say thanks to you and the team at Thrive Cart. It's not just a name it is the Swiss Army Knife for online marketing.
Like · Reply · 😊 2 · October 16 at 8:27am

Douglas Idugboe Josh, You and your team continue to impress me with your dedication and passion for what you do. Well done, guy!

James Hessler Soon. All software will be made, sold, and supported as you do.

Buyers will expect nothing less.

Keep on keeping on.

First test run ... total freakin' success.

(1) WLM integration worked flawlessly
(2) Sales tax worked flawlessly

One person paid twice because the first payment didn't seem to go through, and so

(3) Refund feature worked flawlessly and was so bloody easy.

Now that we've tested this and seen it do exactly what it says it does and as easily as promised ... we're now gearing up for our annual November launch.

Kudos to ya Josh and team.

| 58 Total orders | $10,871.18 Net revenue | $217 Avg. order value |

Frequently Asked Questions

What does a Pro account provide?

Your upgrade to a Pro account provides you with:

- Powerful affiliate center
- Subscription saver functionality (dunning)
- Simple sales tax functionality
- Intelligent business projections
- JV contracts
- Advanced user management
- Client usage rights
- Custom domain name functionality

Will a Pro account always be a one-time fee?

A Pro account is offered at a one-time, discounted price, for a limited time only. The countdown on this page displays the time until our next pricing review, at which point the current offer may change or be extended. However in future, new customers will have to pay a recurring fee for some or all of ThriveCart's features once the one-time offer expires.

Does ThriveCart integrate with my solution?

We integrate with all the top autoresponders, membership platforms, and software in your marketing stack. We also integrate with Zapier, which allows you to connect with hundreds of additional services. You can see some of the logos of the companies we integrate with at the top of the page and contact us if you have any questions.

Is ThriveCart for businesses?

Yes. ThriveCart is a page creation platform designed to help create cart pages and funnels for businesses, as well as manage the pricing structure, tracking and reporting of sales through those pages. It also provides powerful affiliate functionality and course creation. If you are a business selling online, we built this platform to save time and help you generate more sales selling through your favourite payment processor.

Does ThriveCart help manage affiliates?

Yes! The affiliate platform included in a ThriveCart Pro account powers thousands of customers affiliate campaigns every day!

Does ThriveCart handle sales tax calculation?

ThriveCart makes this easier by providing you with simple sales tax functionality. It shows suggested rates based on geo location and product type! It also provides simple reports that you can use to keep track and input data into other sales tax solutions. (Please note: we do not offer tax advice or provide any guarantee that this feature meets your specific business requirements. It is solely your responsibility to ensure you are collecting correct sales tax and adhering to all appropriate legislation. Our 'Simple sales tax' functionality is designed as a time-saving feature)

Do you provide e-learning/course creation functionality?

Yes, we do! This is built into every ThriveCart account! You can create unlimited online courses right inside of ThriveCart, customize them to fit your brand, and instantly provide access to customers when they purchase. (And much more!) This can potentially remove the need for you to use another course platform!

What payment processors does ThriveCart currently work with?

We integrate quickly and easily with Stripe, PayPal and Authorize.net and allow you to integrate multiple accounts of each, as well as accept payments via Apple Pay and Google Pay. Support for even more payment processors is also being considered. (So secure your license now, while you still can, to lock in your access)

Do I have to pay any other fees?

You will never be charged monthly, yearly or percentage-based fees from us if you purchase this limited lifetime account. You may be charged fees by your payment processor as standard.

Can I sell physical products with ThriveCart?

Yes! You can choose shipping price, shipping weight, product dimensions, quantities and more on your checkout pages. We also seamlessly integrate with Kunaki, Disk.com, Shippo, Printful, Lulu and more, with even more available via our Zapier integration.

Will you keep ThriveCart updated?

We have a strong roadmap of new features in place and a dedicated team that works tirelessly to make ThriveCart better and better. We have many new features planned and your lifetime account gives you access to those new features, at no extra cost.

Does ThriveCart Secure Success URLs mean I can integrate my membership site easily?

Yes, our secure URL technology means most membership sites will work great with ThriveCart even if we have not yet added one-click integration. We also have built-in online course and membership platform functionality.

Is ThriveCart GDPR compliant?

We offer you many features that help you keep your business GDPR compliant, including the ability to add a checkbox to receive consent to send marketing emails, the ability to add additional terms to your footer, the ability to clear out customer data, and more. (Please note: it is solely your responsibility to ensure your business adheres to all regulations that are applicable to you)

Do you provide specific functionality or tailor ThriveCart to adhere to my individual business needs?

Whilst we may offer a bespoke feature service, we do not create bespoke functionality for individual customers based on 'location-based requirements'. Broader feature requests can be sent to our team for consideration. We obviously cannot provide any guarantees that by using ThriveCart you will automatically adhere to your own individual business responsibilities in your jurisdiction. ThriveCart is also not the 'merchant of record' - we do not process transactions, or store or process funds. You will need to integrate with a payment processor to do so.

Can I create unlimited courses?

Yes! We do not limit the amount of courses you can create in the online course/membership platform functionality included for free inside of every ThriveCart account!
