DESCRIPTION RETURN & WARRANTY SHIPPING POLICIES

The cabinet is full and there is no place to put things, try this metal shelfl

It has five layers, you can perfectly store the items you need, layered, easy to organize and easy to find. If you place it in the kitchen, you can use one layer for cooking pots, one layer for juicer and blender, one layer for dishes, one layer for ingredients, and one layer for spices. Sturdy Steel, Adjustable Feet, and Anti-Tip Kit — These three pieces come together to form a solid wire shelving unit made of high-strength steel tubing for durability, and the shelf is specially coated to resist water and rust and anti-corrosion.

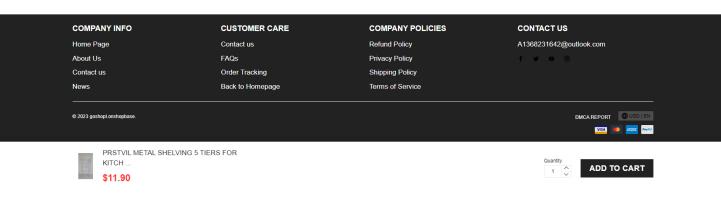

Not only suitable for the kitchen but also used in the bathroom, office or garage and other places. Provide you with ample storage space, of course you can move this metal shelf as you like.
