Description

[Show Less](#)

PHYLIAN fluffy bathroom rugs are constructed of 1 inches height premium thick and soft high resilience microfiber fibers, using an innovative weaving process, softer and elasticity than most other brands.

The high density microfiber fabric helps save your floors from dripping water while you're stepping out of the bath, shower, or getting ready by the sink. When you step on the bathroom mat with bare feet, it will instantly absorb the water droplets on your feet, let the warmth wrap your feet, and you don't need to bend over to wipe.

The elasticity and softness of this bathroom mat is unbelievable. We wove a lot of microfiber into this bathroom mat with a density that no other bathroom mat can compete with.

PHYLIAN fluffy bathroom mat is easy to clean. Machine wash separately with cold water and mild detergent (no chlorine or bleach) tumble dry at low speed or hang dry. Color will not fade and will stay vibrant for many years no matter how many times you wash and dry!
