

# Our Event Space

Our 2700 square foot open-concept event space is located in Old Town Scottsdale, a locally loved destination, alongside artisans and charming shops. A venue like this has something for everyone. It's a unique canvas that can be dressed up or down, whatever the occasion may be. It's your oversized living room for semi-casual events when you don't want people in your home and a mess to clean up. Our space can be transformed into a memorable and magical venue to host a formal ceremony, bridal shower, or a dazzling party for up to fifty people!

Our fully equipped, open, and warm venue lets in beautiful natural light and provides a flexible canvas for you to decorate according to your style and needs. Take advantage of tables, chairs, comfy lounge areas, a full kitchen, and a giant island for food preparation.

As for planning, we are here to help! We let you run the show, so you can set up and plan your event the way you want, but if you need assistance, you can opt for our **event services**. We can arrange gorgeous balloon garlands, ornate signs, floral arrangements, and set up decor. For special occasions, you can rent luxurious chairs and backdrops to make your guests feel like royalty. Hosting in Scottsdale for more than six years, we have built strong relationships with local businesses, and if there is anything we cannot do, we have a **list of local vendors** we trust to help bring your vision to life.

## Meet Our Team

Meet our venue managers, Luke and Jessica! In terms of logistics and planning, Luke's got it down, and Jess's got the magic, handling creative decor and design. With their passion for hospitality and decades of experience, they're the perfect team.

If you don't want to deal with vendors or middlemen, you don't have to. They can do it all, from designing balloon garlands to bartending. From the day you inquire to the moment you leave, they've got you covered.

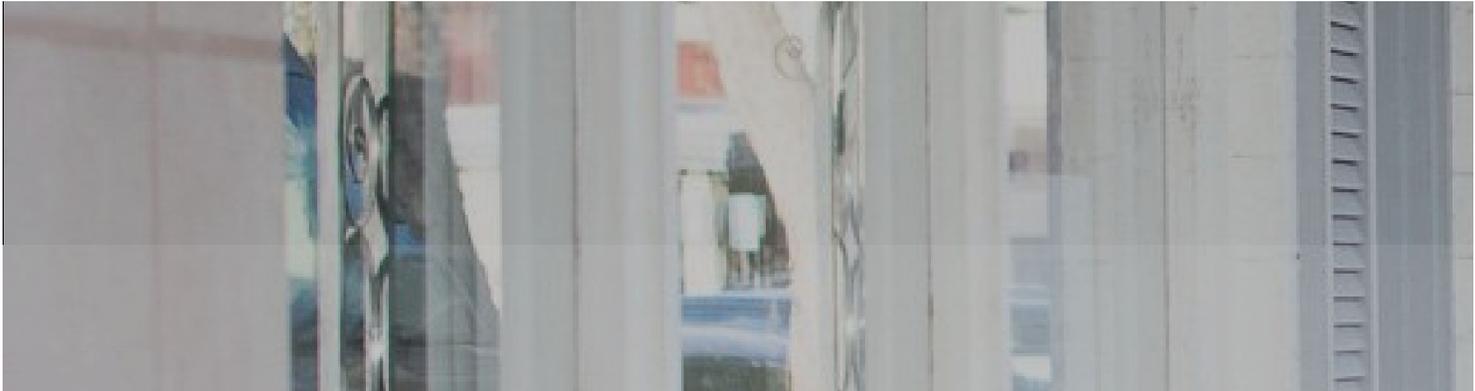

“MINI SOCIAL IS THE BEST! Jessica and Luke were a pleasure to work with while my team and I were planning our event. The event was a real estate Sip & Learn event and Mini Social was the PERFECT space for it. Jessica and Luke made the entire planning process absolutely seamless! We will definitely be using it again for future events.”
