**About this item**

- **Thermostat Compatibility:** You can connect this sensor to the Levolt Aura Smart Thermostat.
- **Room-to-Room Comfort:** Place Levolt sensors in the rooms that matter most so you can adjust your Levolt thermostat (sold separately) to a temperature that feels comfortable.
- **Balanced Comfort:** Eliminate hot and cold spots throughout your home by connecting up to 16 sensors to one thermostat through the free VeSync app.
- **Smart Humidity Detection:** You can monitor your indoor humidity and temperature from anywhere through the VeSync app.
- **Smart Scenes:** Take control of your home's atmosphere by connecting Levolt sensors, smart humidifiers, and smart air purifiers to the thermostat with the VeSync app.
- **Temperature Alerts:** If the temperature goes over or under your preferred range, the VeSync app will let you know, even if you're not in the same room as the sensor.
- **Easy Setup:** Simply hang the sensor on a wall or place it on a shelf.

Comfort. Security. Energy Savings.

**Product Description**

Meet the Levolt Aura Temperature & Humidity Sensor. It communicates the temperature and humidity to Levolt Aura thermostats

**From the manufacturer**

The image shows a white, square-shaped Levolt Aura Sensor with rounded corners resting on a light-colored wooden table. The sensor's digital display shows a temperature of 76.9°F and a humidity level of 50%. The background is a soft-focus nursery setting.

## levolt Aura Sensor

Your comfort is our priority.

-  Monitor Temperature
-  Room to Room Comfort
-  Humidity Detection
-  Smart Scenes

## Customized Comfort

Connect the sensor to the Levolt thermostat in your baby's nursery to monitor and adjust the temperature as needed.

## Make Every Room Comfortable

Say goodbye to hot and cold spots throughout your home by connecting up to 16 sensors to one thermostat.

Temperature & Humidity

Monitor From Anywhere

Temperature Notifications

### Monitor From Anywhere

With the free Vesync app, you can monitor the temperature and humidity even when you're not at home\*

\*The sensor must be connected to the smart thermostat in order to receive real-time data outside your home.

App Store® is a trademark of Apple Inc.  
Google Play is a trademark of Google LLC.

## Smart Scenes

Use VeSync to connect a Levoit smart humidifier to the thermostat and create automatic Smart Scenes using sensor data.

Temperature & Humidity

Monitor From Anywhere

Temperature Notifications

### Indoor Temperature & Humidity

Accurately monitor the temperature and humidity of each room so you know what feels comfortable.

### Smart Scenes

Use VeSync to connect a Levoit smart humidifier to the thermostat and create automatic Smart Scenes using sensor data.

## Privacy Protection

Rest assured, we'll never sell your personal information to third parties or use your thermostat data for advertising.
