All-Purpose click clack that offers you a universal solution for your basin.

Our black click clack slotted will fit all type of basins, with and without overflow. Unique design of our click clack always releases water to the trap.

Standard clicker is fitted with the ring which is not large enough to cover overflow slot, and you need to know what type is suitable for your basin. Our product is fitted with unique bottom cylinder, which is one solid part. The Cylinder directs water to the drain and fixes waste to the basin. It covers the slot and makes this system unique and all-purpose used. For overflow basins water goes through the slot to the cylinder and to the trap. For basins without overflow, water goes down to the trap. System is very easy and hassle free, you do not need to know what type of black clicker you need to buy, you can buy from us, all-purpose one.

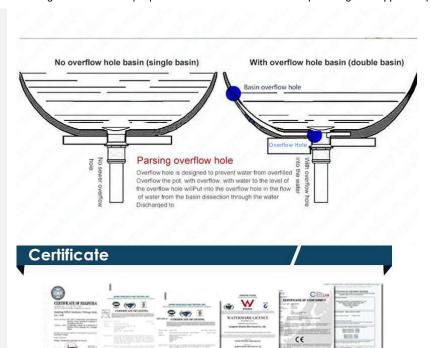

This high quality black sprung push pop up waste is absolutely ideal for any wash basin and bottle trap is fitted with easy to use button - pushing down the centre to pop up the waste, releasing the water to go down the drain.
