- Excellent performance: The brake pads can maintain high-quality braking performance even under extreme conditions, maintaining 100% dynamic balance
- Durable material: Made of G3000 grade cast iron with zinc surface treatment, it has the ultimate rust prevention effect, helping to prevent rust and corrosion
- Unique design: Ensure reliable braking friction coefficient without sacrificing braking performance, maintain vibration free, low noise, and effectively improve the service life of brake pads. It makes the vehicle smoother and safer.
- Operation: Follow the steps in the manual to successfully install. Solve the hassle of tedious installation steps.
- Reliable performance: The diamond groove design increases the biting force of the brake pads, prolongs the service life of the brake pads, and makes the vehicle safer during driving
