

TAMKO

TITAN XT™

WHERE INNOVATION MEETS EXTREME TECHNOLOGY™

PRO LINE

Titan XT™ Premium Architectural Shingles feature some of the most advanced innovative technology in the industry. With powerful engineering, Titan XT shingles are designed to offer an advantage for both homeowners and contractors, combining in-demand product features into one *Extreme Technology* shingle designed to help weather extreme conditions.

RAPID FIRE ZONE™

ANCHORLOCK LAYER

ULTRAMAX WEATHERING LAYER

POWER CORE™

ADVANCED FUSION™ SEALANTS

PROTECTIVE GRANULES

APEX COLOR™ TECHNOLOGY

ADVANCED FUSION™ SEALANTS

A family of sealants, specifically designed to be sticky, even in cooler weather, fusing quickly and helping hold fast.

ANCHORLOCK™ LAYER

This unique poly-fabric reinforces the shingle for an added layer of protection and provides an anchor for the nails to embed in, locking them tightly to the deck.

ULTRAMAX WEATHERING LAYER

Proprietary engineering to increase top coating where it's needed most, for a weathering layer of asphalt designed for protection.

RAPID FIRE ZONE™

A clearly defined expanded nailing zone for fast and easy installation.

PROTECTIVE GRANULES

An embedded layer of ceramic-fired granules offering both beauty and protection, helping deflect destructive UV rays from the deeper levels of the shingle and providing beautiful variety and depth of color blends.

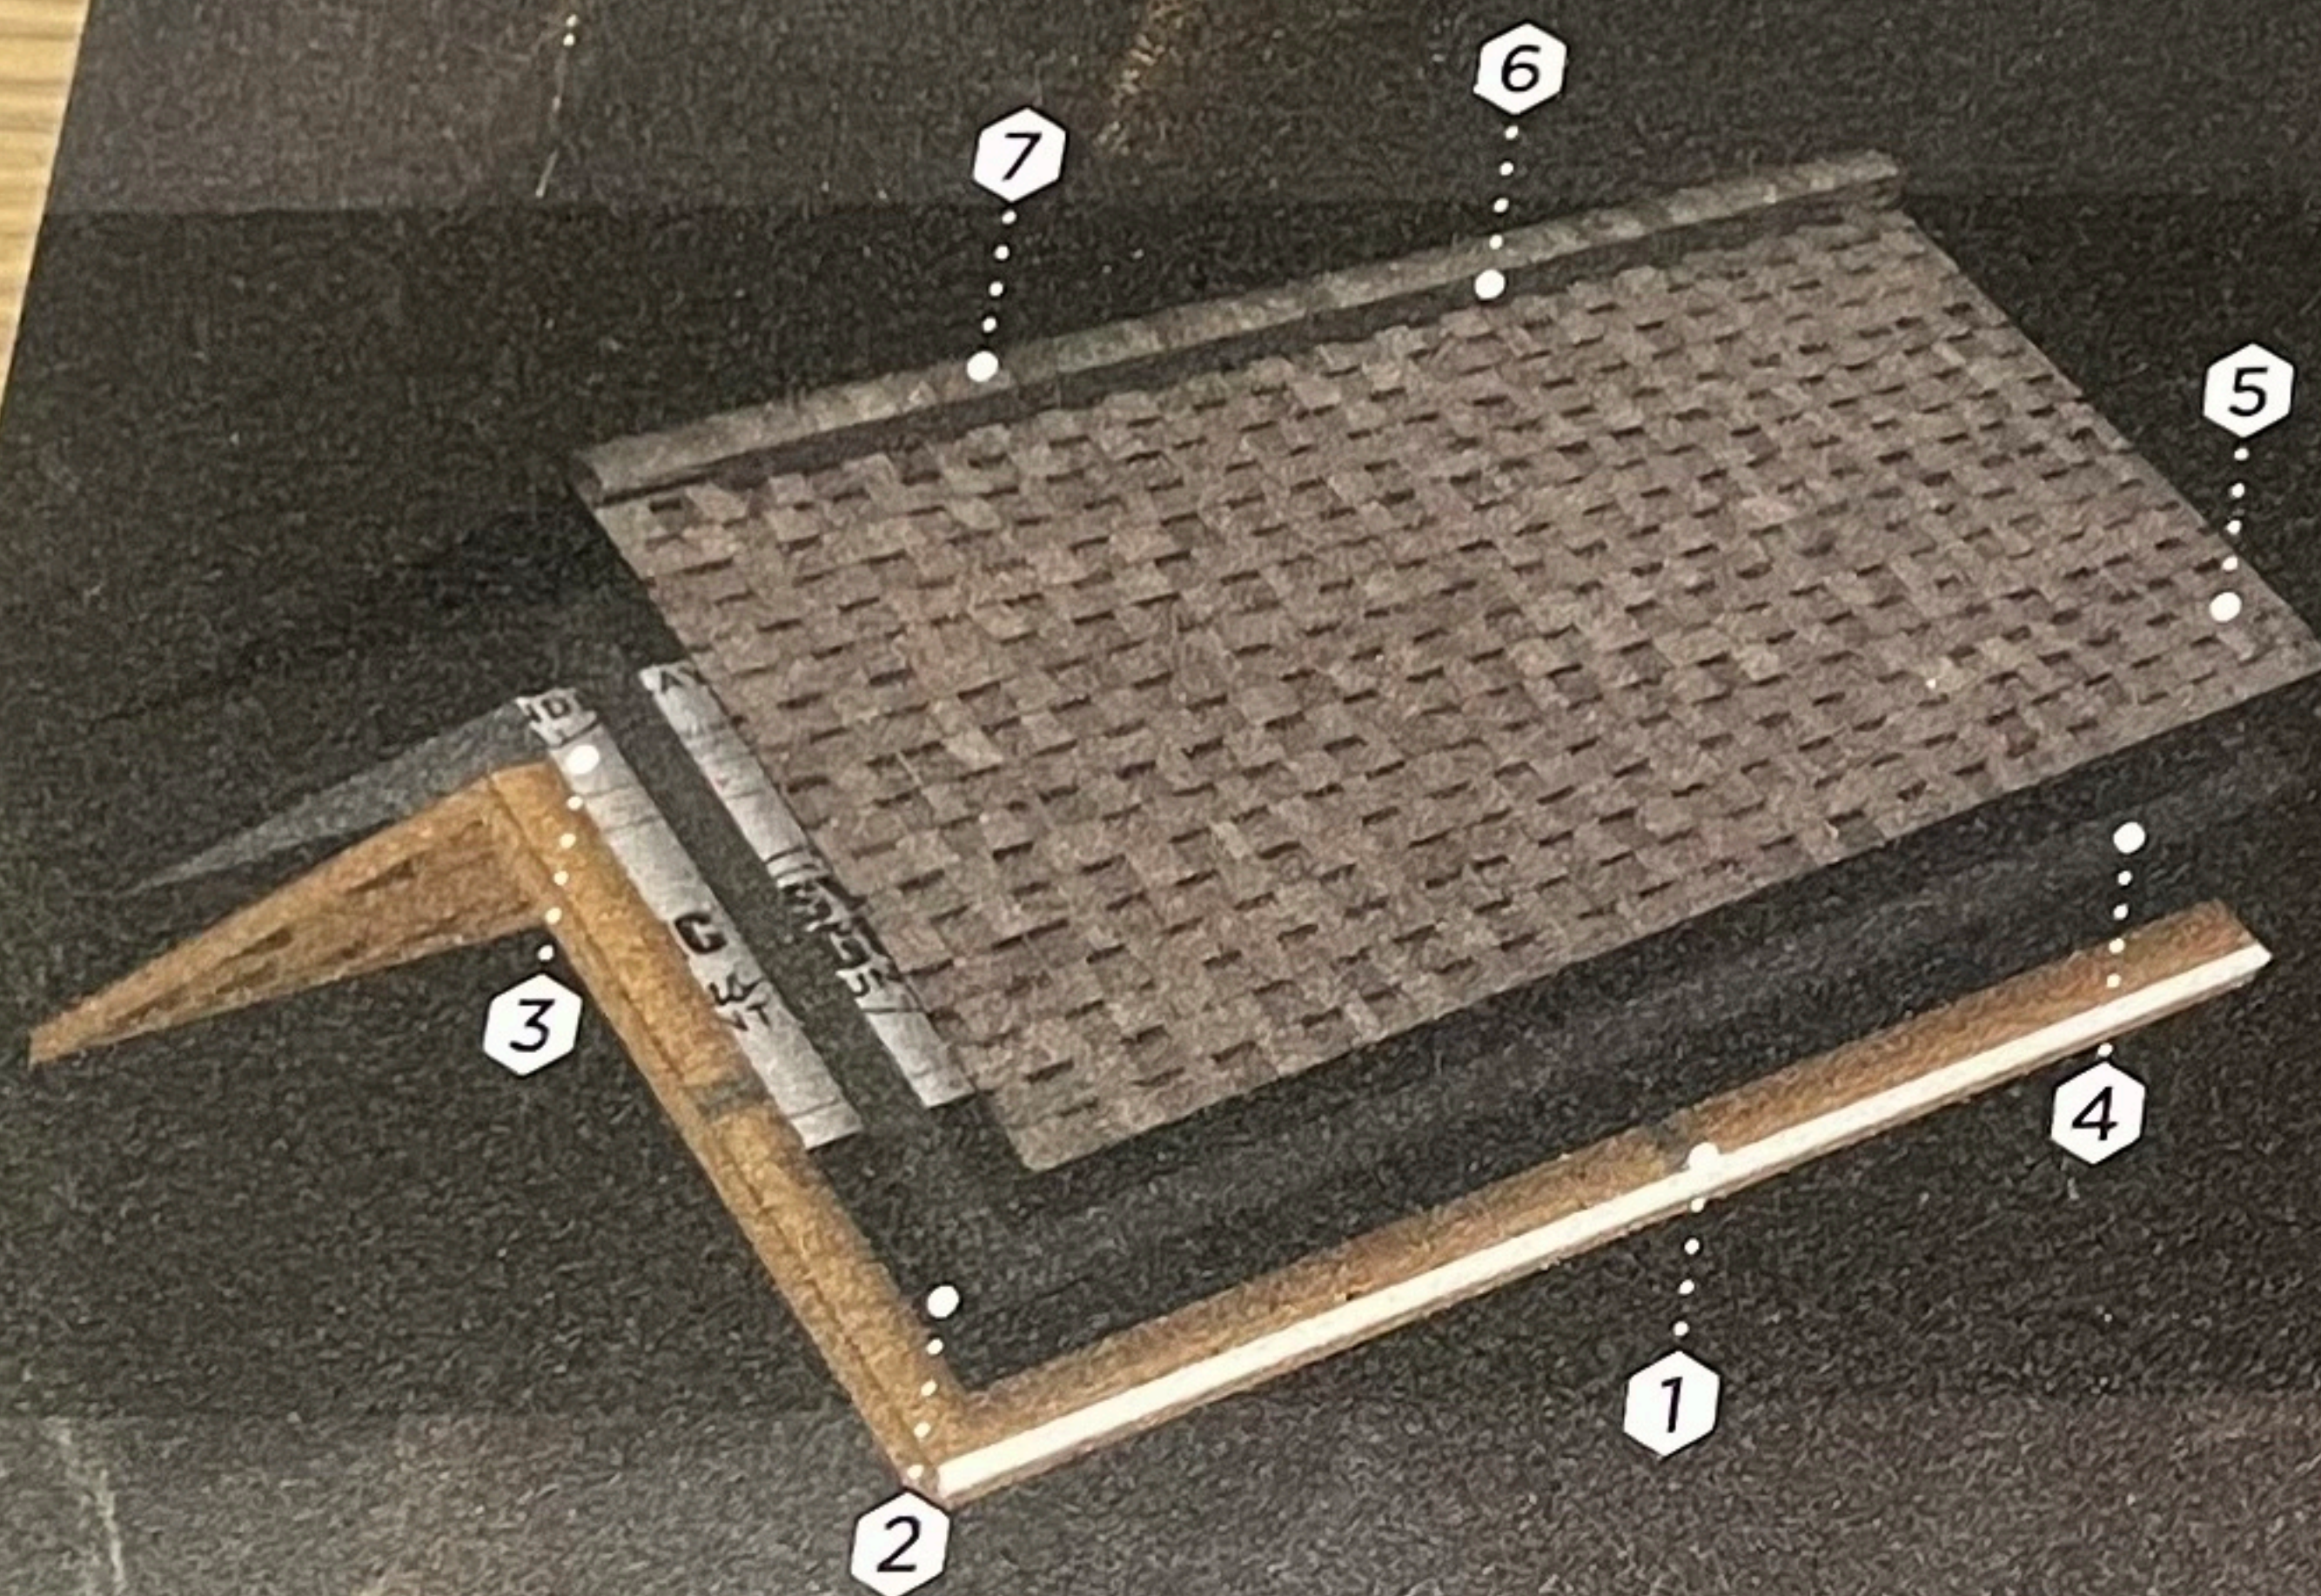

POWER CORE™

Fiberglass mat core engineered to help resist tearing and cracking.

APEX COLOR™ TECHNOLOGY

Proprietary granule blends and advanced color drops create superior color.

TAMKO WXTSHIELD ENHANCED SYSTEM WARRANTY™

TAMKO products are specifically designed to work together - building layer upon layer of protection. TAMKO Certified Contractors can offer an extended Full Start* enhanced system warranty on qualifying Titan XT installations when using products from only three accompanying TAMKO roof accessory categories. Learn more at tamko.com/enhancedwarranties.
