- SET THE TIMER:** You won't have to worry about interrupting your day if it's just for a stop by the potty; with its built-in timer and song, toilet training doesn't have to be such a chore. A convenient looping clock for 30, 60, and 90 minutes lets your little one know when to visit the restroom, making it an adorable accessory to wear.
- WATERPROOF DESIGN:** No more worries about your watch getting wet. We offer kids' fully Waterproof watch, which will withstand not just splashes of water but also when your kid dips their hand in the water. Even taking a shower with it on is no longer a problem!
- FUN TO USE:** No matter what adventures your kids embark on, help is never far away with this brilliant watch. Featuring a modern sound system, four LED flashlights, and three songs for your little one's enjoyment, this practical watch keeps your kid entertained and distraction-free during potty training!
- KID-FRIENDLY DESIGN:** Our soft silicone strap is so comfortable your kid will forget it's even there. Your kid will enjoy using the increased screen size, which is 50% bigger, and the wristband is adjustable, so no digging into their delicate wrist!

 ★★★★★ **A huge potty training help for an easily distracted 5yo!**
 Reviewed in the United States on April 6, 2023
 Color: Blue **Verified Purchase**

My 5yo has been potty trained for ages, but she is easily distracted and doesn't prioritize going to the bathroom, especially when she's playing. I had tried everything to get her to go when she first needed to - stickers, treats, toys, charts, cash, you name it, I tried it! She just did not care and I was at a complete loss to stop the constant day wetting and abundance of pee-smelling clothes I had to constantly wash. My sister suggested a potty watch and I ordered one. Since I got it, we've had maybe one accident in 2 weeks! (And it wasn't her fault.) It's been a game changer! My daughter wears it as soon as she's had her morning potty until bath time in the evening. Since she's 5yo, I typically set it for 90 minutes but I can easily adjust it for shorter times if needed. The chime is a nice little song. It's not so loud as to be annoying, but easily

heard over our busy household or the TV. I can't recommend this enough if your child is stubborn or just having some trouble getting the hang of when to go.

★★★★★ 3.-yr-old Granddaughter LOVES it!

Reviewed in the United States on April 26, 2023

She was approaching her 4th birthday and still wasn't completely potty trained. I had it mailed to her house. She adores it and called me to tell me that she goes potty every time the cute "time to go potty" reminder tells her it's time. Within a week she was 100% trained. Before the reminder watch she didn't pay attention or care if she needed a diaper.

My kid loved this watch... although more for entertainment (we're still working on the potty thing). Problem is that it's controlled by one button so you have to click through all the settings to get to the desired setting. And it's not quiet so don't forget to turn it off at night!

I do love that it plays music instead of just beeps. My nephew is 2 years old and he keeps telling me lights when it goes off. It allows him to be apart of the reminder process. At first it took some getting use to him wearing it. But since my family all are wearing fitbit he loves the idea of him wearing one like us.

★★★★★ My kid loves this

Reviewed in the United States on March 19, 2023

We've had this for less than a week, and the moment I put this on my daughter she loved it. Refuses to let me take it off at all- bath time, when we wash our hands, or going to bed. I have to take it off of her when she's sleeping, otherwise she'll have a complete meltdown. I'm up at 4 am writing this review, because I forgot to take it off tonight, and woke up from the music on the monitor. The watch was off for hours now, but my daughter woke up, and started playing with her watch!

It really gives her a sense of independence, but also I think trained her to go on even when she doesn't need to.

She absolutely loves it and this for her on a consistent schedule between home and daycare.

We just got this yesterday and as soon as we opened it we out it on our daughter. We set the timer for 30 mins and she went every time it reminded her it was time to go to the bathroom. Today we bumped it up to 60 minutes and she has been doing well with it. The reminder helps because she gets so distracted playing.
