

# Yes!

## Say Yes! to the most powerful patient acquisition platform in the industry

Accelerate your practice's growth with a **proven web-based software platform** and data-driven workflows to elevate patient onboarding.

With OrthoFi **Yes!**, say goodbye to time-consuming patient acquisition processes that hold your team back from providing exceptional patient care.

Instead, help more patients say **Yes!** to treatment.

Get More *yes!*

# From Call to Consult to Contract

Streamline your patient intake  
& conversion process

- Convert more patients from any device, anywhere, any time
- Increase production
- Improve cash flow

OrthoFi *yes!*

\*The features in gray are only available with the full OrthoFi solution.

# Yes!

## You Can

Collect all the information you need upfront to tailor the exam to the patient's specific needs and goals

**Over 80% early form completion**

**2.25 times higher same-day starts**

Make it easy for patients to choose treatment

Ensure no patient falls through the cracks

**18% higher pending patient conversion rates**

**14% average practice growth**

Track key performance metrics for your practice

"With OrthoFi Yes!, I am doing so much less manual work that used to get in the way of helping patients accept treatment. Our starts have increased as a result. I love getting notifications over the weekend when someone signs their contract at home."
