1. Anti-drug filter, five-layer filter cigarette holder, more hygienic, more affordable, and easier to use.
2. Filtration and adsorption are done in one go, like a water purifier, filter and purify layer by layer, enjoy the mellow aroma of tobacco and protect your lungs.
3. Four micropores with a golden symmetrical ratio are used to reduce the tar content by the impact of air flow. The four micropores have a good filtration effect and smooth suction, and more than five holes will affect the taste of the suction.
4. Negative ion filter beads, filter impurities, absorb harmful substances, and filter smoke impurities.
5. Fiber filter cotton, adsorption barrier, adsorption and interception to filter harmful substances.
