Ergonomic design, less pumping hand fatigue compared to traditional triggers and fingers tip sprayers. Spray quickly and easily. You can upside down, and spray well, no wastage with close to 99% liquid evacuation. Standard trigger bottles take multiple squeezes to get the spray started but 360 degree hair spray bottles releases a burst of fine and long lasting with just a gentle squeeze. The ergonomic shape and easy to grip handle reduces hand fatigue. Produces a stream of sustained mist that lasts a few seconds, allowing large areas to be covered quickly and easily. The powerful and consistent spray of these continuous mist spray bottle can be used for various household and beauty purposes including cleaning, ironing, hair styling, watering plants, dispensing air fresheners, misting essential oils and much more.
