Description

The AutoSoft 30 infusion set is an all-in-one, angled infusion set with a disposable integrated insertion device. The inserter ensures a 30-degree angle with each insertion and the reversible connector makes reconnecting fast.

Product Features

- Features a 13mm flexible soft cannula with a 30-degree insertion angle, and either 23 or 43 inches of tubing
- Automatic insertion device
- Quick reversible connector
- Large grip for easy disconnection
- Large adhesive for extra security
- Window to see insertion point
