How It Works

TruScore Testing & Analysis for the ACT helps you start the year strong with the data you need.

After students take their practice tests, we provide detailed reports that give teachers clear test-taking skill metrics, powerful insights into student performance, and data-driven recommendations as to what actions to take to boost outcomes. Our TruScore Testing & Analysis for the ACT saves teachers time, saves schools money, and makes test result data much more manageable.

Materials and return shipping included

We include all materials necessary for administering your practice tests for the ACT as well as the return shipping for scoring. We've got you covered!

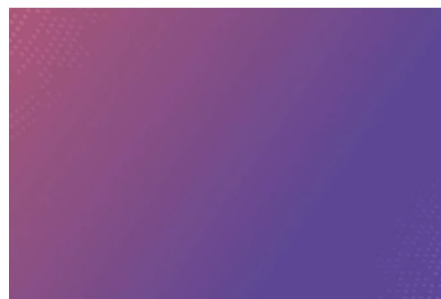

TruScore Data Review for the ACT Add-On

Our TruScore Data Review Add-On includes a custom half hour breakdown of students' overall test performance, explanations of the test data, and recommendations for addressing students' areas of need.

Aggregation makes seeing score trends easier

We aggregate your students' practice test result data at the individual, class, school, and district levels so that you can drill down into trends and differentiate between student groups. This makes student needs much easier to assess and address.

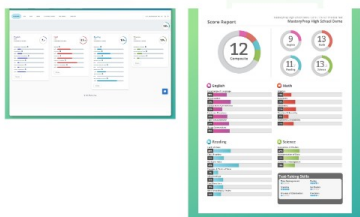

Rich library of practice tests

With a TruScore school-wide license, students have access to 3 Official ACT® Practice Tests, with new assessments added each year.

What's Included

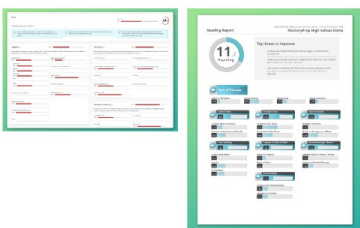

Overview Report

Overview of performance in each subject area across more than 20 key metrics including student composite and scale scores.

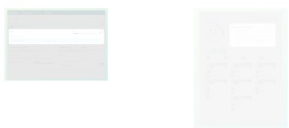

Student Score Report

Available for students and parents. Provides score analysis, recommendations, and answer key in an easy-to-read, one-page format.

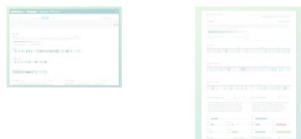

Subject Breakdown Report

Detailed analysis of over 150 individual skills that are tested on the ACT. Specific enough for your teachers to take action. For example, instead of just giving Geometry scores, we show that your students specifically need help with the Pythagorean Theorem.

Recommendations

Automatic recommendations based on our extensive research of released ACT tests, 25,000 standardized test items, and over 50 million real student performance data points.

Test-Taking Skills Report

Quantifies your students' relative strengths and weaknesses in seven essential test-taking skills, including time management and the process of elimination.

Threshold Report

Helps you strategize on how many students are above or below your target ACT scores.

Item Analysis

Shows how many of your students selected each answer choice for a test item.

Score Summary

Shows your students' predicted ACT scores in each subject area for easy reference.

Answer Maps

See at a glance the answer choices that each student selected. Test data also available as .csv for easy analysis and sorting.

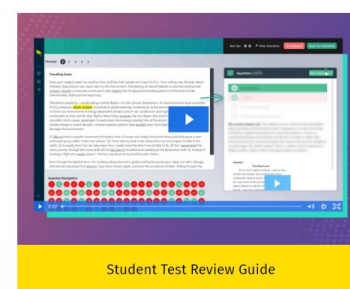

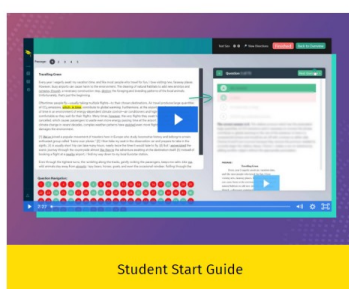

Explanation Videos

Detailed explanation videos are easy for students to follow and strengthen college readiness skills. Just because your students missed a question doesn't mean they need to miss it again.

Online Practice Testing

Online practice testing and analytics provide instant results and feedback. Watch these video guides to see how user-friendly online practice testing and analytics can be.

TruScore Study Hall

Practice testing helps you determine your students' college readiness gaps. Study Hall (included with a TruScore school-wide license) helps you do something about it.

Learning is one click away

As students review their answers, they click "Learn more in Study Hall" to access hundreds of instructional videos and additional practice questions.

Adaptive study recommendations:

The TruScore algorithm recommends study topics based on student test scores and what they're most likely to improve on.

Robust academic reinforcement:

Over twelve hours of video and hundreds of practice questions help your students bolster content mastery as well as test-taking skills.

TruScore provides practice tests intended to help students prepare for the ACT. These practice tests were developed by MasteryPrep and serve as educational resources. They are not a substitute for the ACT assessment. Any predicted score derived from this test is solely an estimate of future actual ACT results and may not be used for college entrance or placement purposes.
