Description

Additional information

A physical sample of the Card+ **Plastic** advanced smart card. The cards bear no fixed numbers on the face of the cards, including no account number, no security code, no expiration date. Sample Cards come personalized with example names only.

Optionally, for special orders (to be quoted), the cards may be printed from customer-designated names; and optionally with printed with a "XXXX", where XXXX is the last 4-digits of the card PAN from the group of numbered cards, within the block of ISO7812 16-digit or 19-digit range: "6059 74yy ...XXXX".

Usage: The cards are provided under **CardWare Developer License** Agreement, for use **within any state of the United States** (only). The cards come with credentials for use with the CardWare SDK, and within Issuer ID Number (IIN) "6059 74" only, and are not usable on any other networks, nor are they for use in any unsupported payment network. Purchase implies consent with the [Terms of Use](#) and [Privacy Policy](#).

Additional: Use the [Contact](#) page to reach customer support for International, or other purchase requirements.
