Description

Don't take any chances at the DMV. With DMV Genie, you'll be prepared. Download it right now and be ready to ace your car, motorcycle or CDL test tomorrow. You'll be surprised at how close this app is to the real thing!

NO SURPRISES AT THE DMV:

Get ready for your 2017 car, motorcycle, or CDL learner's permit test or driver's license test with questions that are based on your state's official driver's manual. Our users swear that most of the questions are very similar (in fact, often identical) to those on the real test. You'll know exactly what to expect since our DMV practice tests have the same passing score as the actual test.

WHY USE DMV GENIE?

- Realistic: Just like the actual test, our practice tests are based on the official 2017 DMV manual for your state.
- Smart hints: These help with tricky questions and steer you in the right direction.
- Personalized Challenge Bank: a test that's automatically made up of your missed questions from all your practice tests
- Detailed explanations: When you make a mistake, the app tells you right away if your answer is wrong and why. You understand and remember every wrong answer.
- State-specific: With specific questions for each U.S. state, the app works for every DMV, DDS, BMV, MVA, RMV, DOR, MVC, MVD, DOT, and DOL in the country.
- Difficulty levels from Easy to Exam
- New questions every time: To keep you focused, we randomize questions and answers each time you start a practice test.
- Review every question: Learn from your mistakes.
- No registration required
- Ask an Expert: Get live support from real people. Go to Settings – Ask an Expert.

DRIVER'S MANUAL INCLUDED (ALL 50 STATES)

Download your state's official DMV Driver's manual from our website: <http://m.driving-tests.org/drivers-manual/>

HOW TO USE THIS APP MOST EFFECTIVELY:

There are several difficulty levels you can choose from. You can take the practice tests in any particular order, but most users progress from Easy Mode to Exam Mode. That way, you won't miss any of those tricky questions about speed limits, Blood Alcohol Content (BAC), or fines. For brushing up on a particular area of the driver's manual, you can take practice tests specifically on road signs, road situations, and fines & speed limits.

WHAT'S THE CHALLENGE BANK?

It's a new type of test that's automatically made up of your missed questions from all your practice tests. You can go back and review the questions that you got wrong. You can find it in the "Settings" menu on the state page. It works separately for different vehicle types (car, motorcycle, CDL). You can also add questions to your Challenge Bank manually (Settings – Add to Challenge Bank) on the test screen.

WHAT IS THE EXAM MODE?

As close as it gets to the actual DMV permit test or driver's license test experience:

- Has the same number of questions as the real thing.
- Stops as soon as you have reached the passing or failing score.

• Skip as many questions as you like.

WHAT IS THIS APP FOR?

Our practice tests are an effective, interesting way to study for your written DMV test (car, motorcycle or CDL). This app is useful for the learner's permit test, the driver's license test, and the senior citizen's refresher test. The written part of those tests is the same.

FUN FACT: CA DMV

About 25% of our users take the California tests for their CA DMV exam. The CDL practice test is a close second in popularity.

WANT TO TALK TO THE DEVELOPERS?

To ask us a question, go to Settings – Ask an Expert on the test screen. This will open up an in-app chat window. We're online most of the time, and we respond to each user personally. To report a bug or a question-specific typo or mistake, go to Settings – Report a mistake. Or email us directly at info@driving-tests.org. We're always happy to help!

Customer Reviews

Great App ★★★★★
by Sweetchillipeps

I just read the book the first time I took the NJ driving Knowledge Test, and I failed!! Before I did the re-take, I went through the exam mode of this app and made sure I passed 7 times. That helped me a lot to pass and remember the Q&As in the app. The test is a bit tricky so you have to read the questions carefully. I passed the re-take and I'm very ...More

Wonderful! ★★★★★
by Betsyloo88

I was absolutely petrified to take the learner's permit test in Kansas. I haven't driven in over 10 years and this is a huge deal for me. I started studying, using the DMV Genie app, about a month before I took the test (yesterday). Let me tell you. IT WORKS. It made it so much easier for me to understand the material in the dreaded driver's manual.

Very beneficial ★★★★★
by NoSaintsFan02

I had to take a motorcycle exam in Louisiana and this app was a god send! The questions are very if not exactly the questions on the test. They have a lot of questions and it's a lot to learn but it is truly invaluable. I strongly recommend anyone who has a driving or motorcycle exam to take to use this app as a way to study and prepare
