You won't find a better pair for less. I paid 20 more for ones I thought was going to be better and these blew them out of the water.

★★★★☆ Public Safety Radio Ear Piece

Reviewed in the United States on May 21, 2019

I normally do not like ear pieces while on duty. I generally find them distracting. I ordered this (actually 3... just to be sure I didnt have any loss or breakage issues during the event) for a large scale music event in my city and it worked great while down in the crowds. I gave it a 4 out 5 only because I had some difficulty keeping it firmly in my ear. I believe it would be a 5 out of 5 if it came with the outer ear fitting disc.

Depending on the shape and size of your ear.. The tube curve that goes around the top of your ear could keep coming off very often.
