Description

Reviews (0)

Designed with Comfort and Tailbone Pain Relief. Our Car seat cushion pad will help relieve pressure on tailbone while sitting or driving. Aids in relief of lower back pain, numbness and sciatica. Better comfort for an office chair, car seat, truck, plane, wheelchair, floor or bench.

Improve Driving Vision. Truck Car Accessories. The memory foam is of 2.9 inches which allows the seat height to increase and thus helps the short height drivers with their driving sessions. You can consider this as the best car seat cushion for short drivers which provides them extra comfort as well.

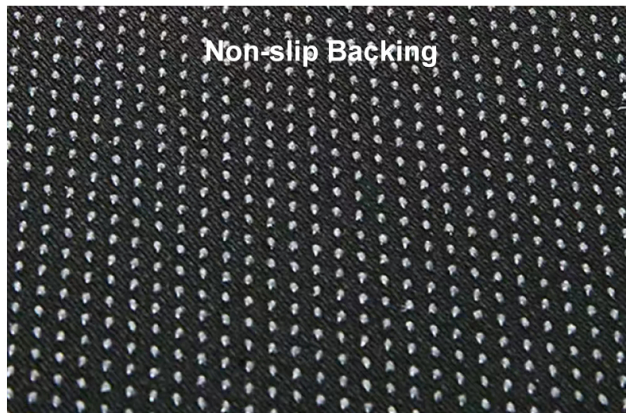

Non-slip Backing + Fixing Belt. Breathable and dustproof mesh fabric, easy to remove and clean (coat can be machine washed, not dry)

Comfortable cushion. Car chairs, office chairs, and home chairs can also be used. Provide a certain height to broaden the driving vision, relax your hands and feet comfortably, and adjust your sitting posture.

Durable- no deformation, long use time, No smell. Large enough to fill the entire seat. Perfect Gift for International Women's Day/valentines day/anniversary/birthday/mothers day/fathers day/christmas.

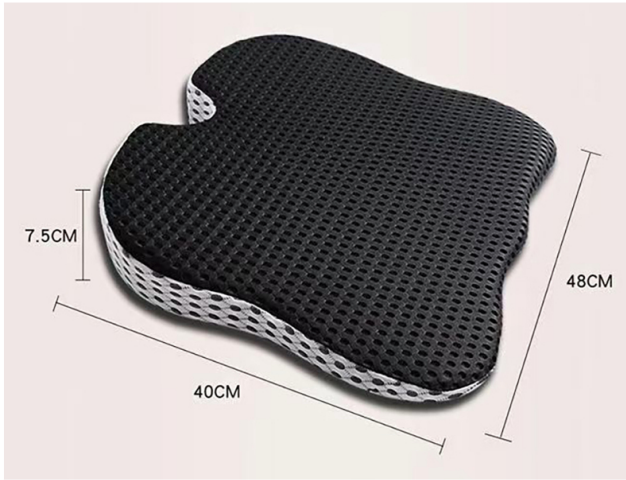

Breathable and dustproof mesh fabric
easy to remove and clean
