Dear NAME,

On behalf of the Atlantic Council and the Jeffrey M. Talpins Foundation, we would like to invite you to attend the **N7 Conference on Agriculture, Water & Food Security**. This conference will bring together a select group of experts and officials for private discussions and public plenaries on **March 14-16, in Abu Dhabi**.

The [N7 Initiative](#) was launched in the wake of the Abraham Accords to help accelerate and broaden the process of regional integration. The N7 Initiative works with governments to produce actionable recommendations to deliver tangible benefits to their peoples. It produces independent scholarship, hosts events and multilateral conferences, and serves as a clearinghouse for information on the status of normalization. In December, we hosted our latest conference, on [Education and Coexistence](#) in Rabat, Morocco. The resulting N7 policy proposals were then provided to participants in the Negev Forum, the official multilateral government meetings held in January, and incorporated into the discussions of the working group on education and coexistence.

The **N7 Conference on Agriculture, Water & Food Security**, our next gathering in this series, will similarly bring together regional leaders from government, academia, and the private sector. Building on the governmental discussions on this topic in January, the N7 Conference will seek to identify the most promising policies and projects that can be implemented, taking advantage of this generational opportunity to deepen regional integration. Ideas developed at the N7 Conference will be incorporated into a report that will be presented to regional governments.

Our team will follow up with your office to share further details. Should you have questions in the interim, please reach out 

Thank you in advance for your consideration. We look forward to what is sure to be a fascinating and deeply impactful set of discussions.

Sincerely,

Senior Director, N7 Initiative

Director, N7 Initiative
