## BRING YOUR STORY INTO FOCUS

Logitech StreamCam streams and records in full HD 1080p resolution at 60 fps, delivering stunning video content with smooth motion to every aspect of your online world. From recording YouTube videos to streaming on Twitch and beyond, StreamCam's premium glass lens and smart auto-focus system make it easy to get professional-quality results. Advanced features like auto-framing and intelligent exposure ensure you always look your best in any lighting<sup>1</sup>

[SEE THE RECOMMENDED COMPUTER SPECIFICATIONS](#) 

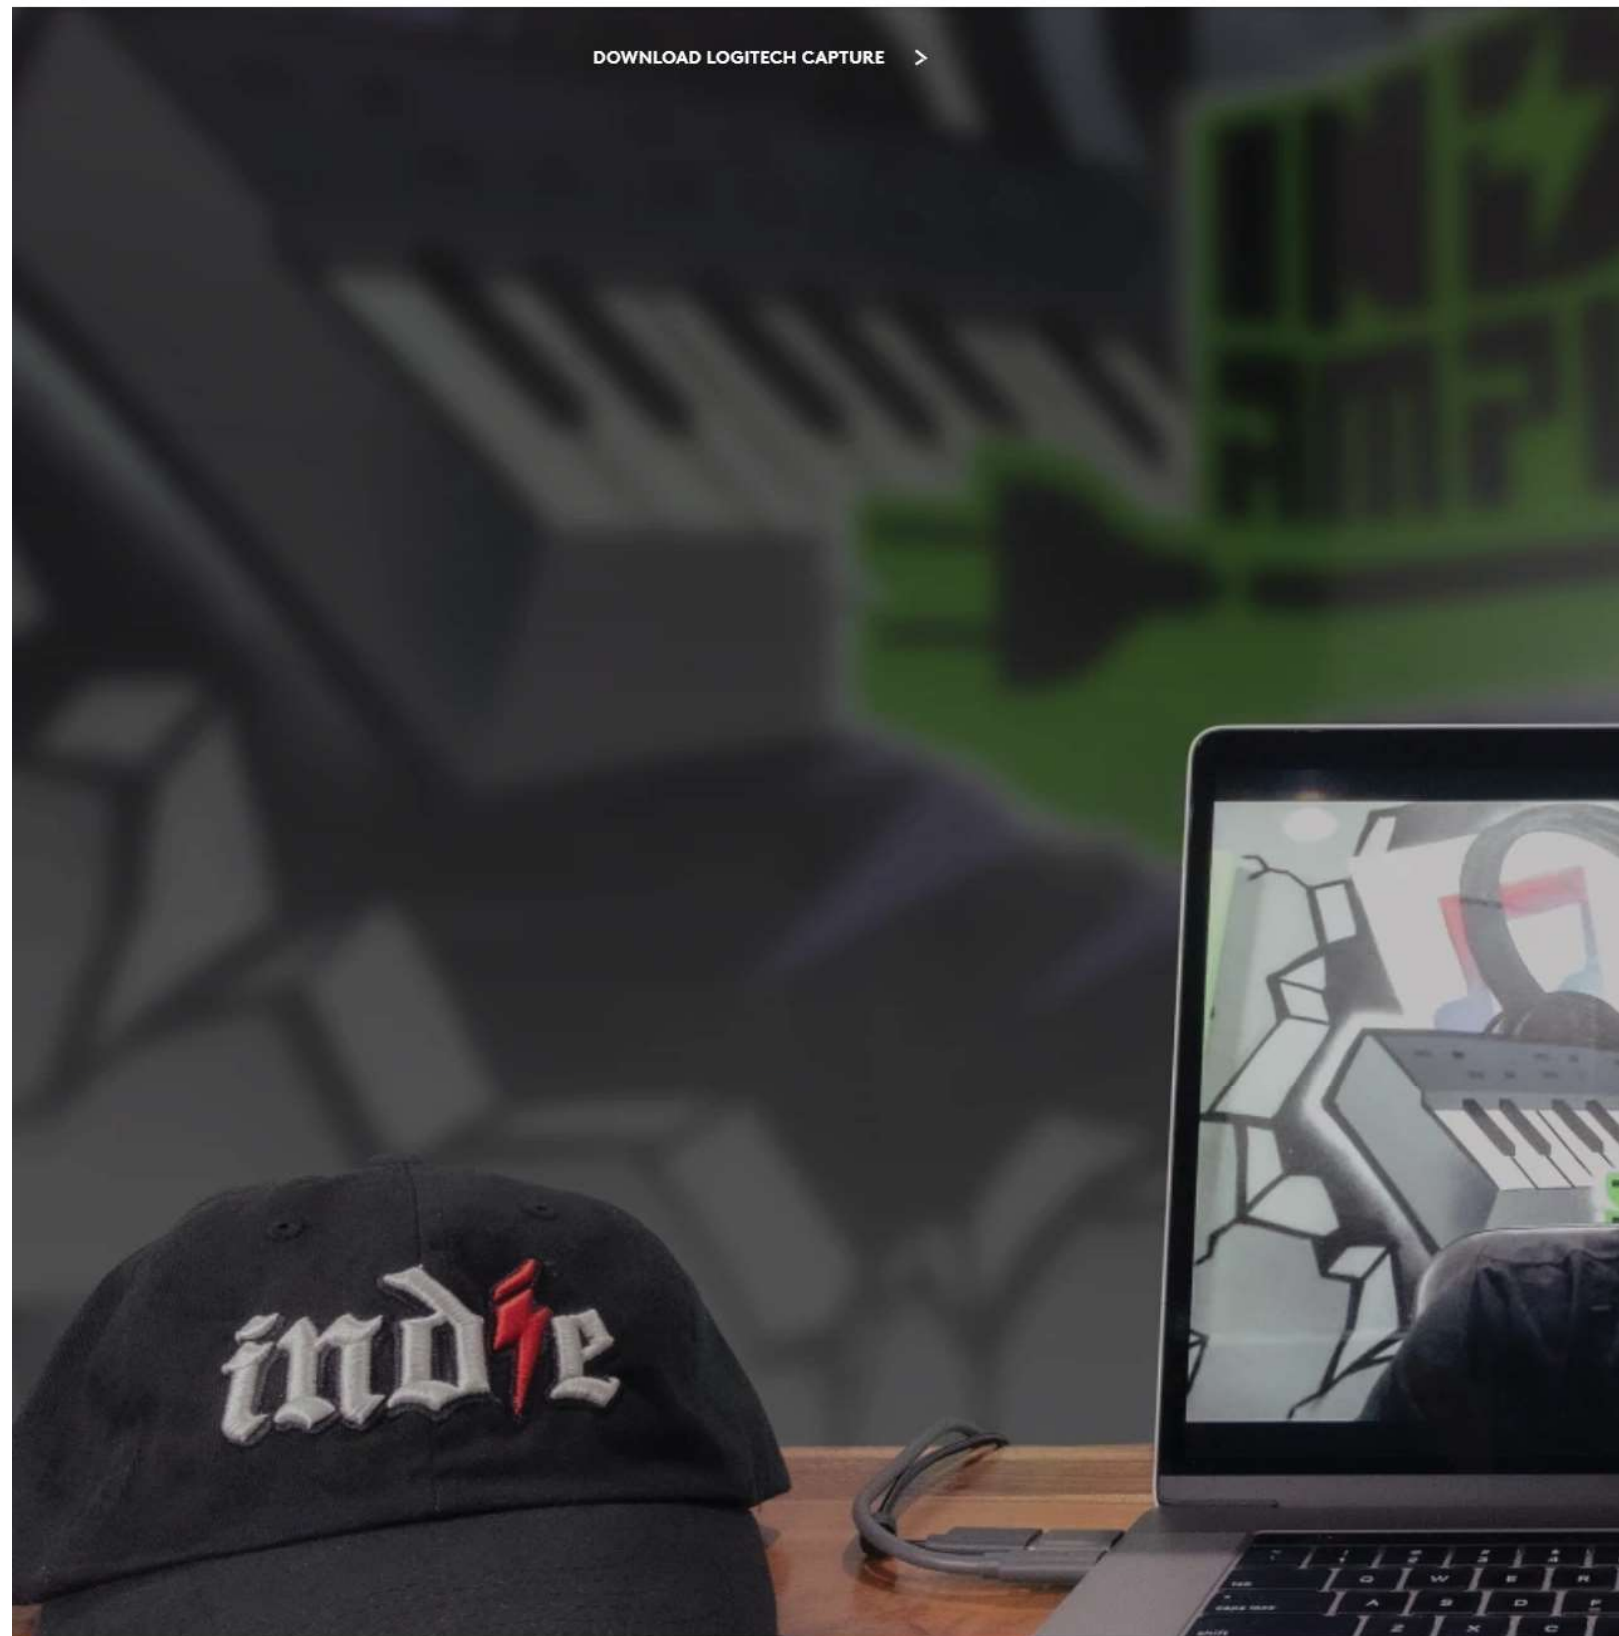

## FULL HD 1080P AT 60 FPS

Stream and record videos for YouTube, Twitch and more in full HD 1080p resolution at 60 frames per second. No matter what type of content you create, StreamCam produces sharp content with smooth motion that looks natural on screen.

## PREMIUM GLASS LENS WITH SMART AUTO-FOCUS

StreamCam's premium glass lens delivers vibrant, true-to-life image quality with crisp details. A 78-degree field of view keeps you upfront and center. Auto-focus intelligently adjusts the lens in real-time so you always stay in focus, even when you move toward or away from the camera.

## AUTO-FRAMING AND INTELLIGENT EXPOSURE

The smart auto-framing mode dynamically adjusts the framing to keep you in the center of the shot, even as you move left or right. The intelligent exposure system adjusts aperture and ISO speed in real-time to ensure accurate skin tones for a more natural, healthy look—even in varying lighting conditions. With StreamCam, you can be confident that you'll always look great.

## OPTIMIZED FOR POPULAR LIVE STREAMING SOFTWARE

StreamCam is optimized for **Streamlabs** Desktop, Open Broadcaster Software (OBS), and other popular live streaming software. Effortlessly stream to Twitch, YouTube and all of your favorite streaming sites

ENHANCED  
CONTROL WITH

## ENHANCED CONTROL WITH LOGITECH CAPTURE SOFTWARE

Ready to take your content to the next level? Combine StreamCam with the included Logitech Capture software to unlock powerful features that automate focus exposure and more.

## CONNECTS WITH USB-C

The standard for fast and reliable connections, StreamCam uses USB Type-C to ensure efficient video transfer speeds. Compatible with Windows 10 and macOS 10.14 and above.

## ADDITIONAL FEATURES

### SMART AUTO-FRAMING

StreamCam uses Logitech Capture to automatically keep you framed front and center in all your streams and videos.

### PREMIUM AUDIO PERFORMANCE

Sound more authentic and vibrant to your audience whether you're singing a song or sharing a story with dual front-facing microphones.

### STREAMLABS AND OBS SUPPORT

Logitech StreamCam is optimized for [Streamlabs](#) Desktop, Open Broadcaster Software, and other streaming software so you can effortlessly stream to Twitch, YouTube, and other platforms.

## CREATE AND STREAM LIKE NEVER BEFORE

Type, record, and stream with modern design tools that elevate your desk setup. Work quietly with a slim, lightweight keyboard and mouse. Boost your video meetings and presentations with StreamCam and the Zone 900 headset. It's everything you need to own your space and take your content to the next level.
