### Product Description

This was probably the most successful gift you have ever given anyone. The blanket is very well-made and soft. It has stood up in the washer and dryer. Already and does not look matted like most blankets of these types end up doing. It's got a nice binding around the edges. And good stitching reinforcement so this will be durable and last a very long time period. What's most special about it? This is all of the quotes all over it and how none of them is corny period it goes straight For the heart and very highly recommend this for anyone you love including yourself.

Romantic Gift: Give your frog lover something that shows you love and care about him/her, don't settle for a boring or generic gift. Telling a story about your inspiring conversation and recalling good memories, becomes a symbol of your bond and the special connection you have. Imagine the moment he/she opens the pack and realizes this is a perfect gift for him/her!

Occasion: Suitable for all seasons, indoors and outdoors use. The blanket is ideal for camping, travel, airplane, car, sofa, bed, baby, and car. The blanket is very comfortable, breathable, and warm, it is suitable for you to take a nap, read, watch, or work at any time.

100% Satisfaction Service: I believe the person who received this gift will love it very much. But for some reason, if you are not satisfied with this throw blanket, please feel free to contact us, we are committed to bringing you a perfect shopping experience.
