GREAT BRUSHES FOR CLEANING

Reviewed in the United States on May 29, 2015

Verified Purchase

You want to talk about a nice heavy duty brush, this puppy is it!!

I was expecting some wimpy cheap quality brushes like all the rest I have bought...

Was I ever surprised!

Just to hold it in your hand, you can feel the weight that is only found in high quality goods...

and speaking of quality, I usually have to run the brush through 3 or 4 times to get everything clean...

not with these, 1 time in & 1 time out...2 strokes, in & out & done! I love it!!

And these were actually cheaper in price than the other cheap quality brushes I've bought in the past.

I highly recommend these brushes for any cleaning of tiny areas you may have.

These are satisfactory, it is a brush, and nothing exciting here... the quality seems fine - the diameter I

choose was a tad bit too small... will need to order a larger / longer size.

perfect for my small opening test tubes

Reviewed in the United States on September 12, 2019

I've had a difficult time finding bottle brushes that would fit the opening on the threaded test tubes that I use; these work great.
