### Item description from the seller

## Never Miss A Moment, Day Or Night

4MP HD resolution and 2560×1440 pixels make every detail of your home or office clearly visible. Up to 6 meters of infrared night vision distance provides round-the-clock monitoring, even in total darkness.

## Dual-Band WiFi, Stronger Connectivity

Equipped with dual-band WiFi, this camera provides seamless connectivity to both 2.4 GHz and 5 GHz WiFi networks, ensuring a stable and reliable connection at all times.

## Smart Detection, Instant Alerts

Once the camera detects a person or sound, the camera automatically tracks and follows the movement, capturing every moment clearly. To make sure you don't miss anything, the camera provides instant alerts to your smartphone or tablet. As soon as the camera detects any suspicious activity, you will be notified so you can take immediate action.

## Cover Every Angle of Your House

The camera has a wide range of coverage with a viewing angle of up to 350 degrees horizontally and 60 degrees vertically, which enables it to monitor large areas in your home, office, or yard without any blind spots. The camera is also designed to capture any special movements, ensuring that nothing goes unnoticed.

## Two-Way Audio: Seamless Communication

With a built-in speaker and microphone, you can speak to anyone on the other end, whether it's your pets, family members, or visitors. Two-way audio enables real-time conversations and helps you stay connected with your loved ones while you're away.

## Quickly Show by Voice Command

Compatible with Alexa, you can control it with voice commands to showing you live video feed, playing recorded video or turning the device on/off, making it easy for you to manage your home security from anywhere in the house.

## Advanced H.264+ Coding

The H.264+ encoding tech compresses file sizes efficiently, up to 50% more than files using the previous H.264 coding, without degrading image quality.

## Max. 128 GB of Local & Cloud Storage

You can choose to store videos via cloud storage or local storage, this camera offers local storage of up to 128 GB, allowing you to store footage directly on the device.

## Share Device with Others

Share your devices with the people who live with you and care about you. Camera sharing could be removed easily as you want.

### Seller feedback (9,583)

 r\*\*\*l (1570) • Past month

I will have to return this equipment and above all, please stop selling it, it has several defects: 1. The application that marks the device "Sannce Smart", is not available in the Play Store, it is necessary to download it externally 2. The application does not allow me to register as a user 3. Due to the above, it is impossible to view the cameras remotely with any Wifi device
