Great case for the money, best customer service to make it right

Reviewed in the United States on December 30, 2021

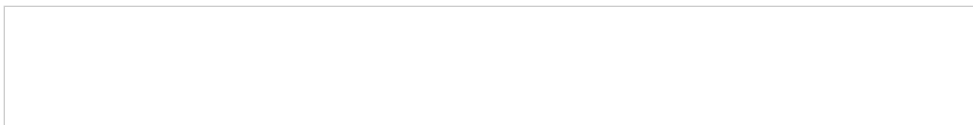

Update from my last review, they apparently had cases packaging mis-labeled. I recieved the wrong size, but contacted the company and they made it right. Mailed me the correct case asap. With my new Pixel Pro I've been reading other reviews on who has the best cases. I've seen this case popup on a few different sites. For the price, thought I would give it a try. Here's my preference in a case. I don't drop my phone. I would be fine without a case at all but the phone is so slick. So I look for the most minimalist case. I also like the official Pixel 4's cloth case. So given that criteria, I have 2 issues with it. This case is not minimal. It's not as bulky as an 'Otter Box' extreme. It has rubber encasing all sides and corners and has adequate protection without too much bulk (still not minimal). The 2nd issue, the 'cloth' like material is only on the back panel and not very thick. It feels like it's as thin as a piece of paper. I've already tried another case that is cloth like and it's already starting to fade color along the edges. I'll save judgement if the material will hold up to normal use.
