OMB No. 0651-0050 (Exp. 04/2009)

**Preliminary Amendment  
Textform with Handwritten Signature**

**To the Commissioner for Trademarks:**

Application serial no. **77336457** (ESOLAR , see mark) has been amended as follows:

**APPLICANT AND/OR ENTITY INFORMATION**

**Applicant proposes to amend the following:**

**Current:** Solar Thermal, Inc., a corporation of Delaware, having an address of 130 W. Union Street Pasadena, California United States 91103.

**Proposed:** eSolar, Inc., a corporation of Delaware, having an address of 130 W. Union Street Pasadena, California United States 91103.

**ADDITIONAL STATEMENTS**

eSolar, Inc. is the owner of the mark ESOLAR, which is covered by this application. However, the manner in which the name of the Applicant is set out in the application mistakenly reads as "Solar Thermal, Inc. d/b/a eSolar, Inc." Section 1201.2(c) of the T.M.E.P. provides that a correction to the manner in which the Applicant is identified is permitted, so long as the amendment does not designate another entity as the applicant. This is precisely the amendment being requested here. Accordingly, pursuant to T.M.E.P. § 1201.2(c)(5), Applicant respectfully requests that the manner in which it is identified in the application be amended from Solar Thermal, Inc. d/b/a eSolar, Inc. to eSolar, Inc.

**Declaration Signature**

If the applicant is seeking registration under Section 1(b) and/or Section 44 of the Trademark Act, the applicant had a bona fide intention to use or use through the applicant's related company or licensee the mark in commerce on or in connection with the identified goods and/or services as of the filing date of the application. 37 C.F.R. Secs. 2.34(a)(2)(i); 2.34 (a)(3)(i); and 2.34(a)(4)(ii). If the applicant is seeking registration under Section 1(a) of the Trademark Act, the mark was in use in commerce on or in connection with the goods or services listed in the application as of the application filing date. 37 C.F.R. Secs. 2.34(a)(1)(i). The undersigned, being hereby warned that willful false statements and the like so made are punishable by fine or imprisonment, or both, under 18 U.S.C. §1001, and that such willful false statements may jeopardize the validity of the application or any resulting registration, declares that he/she is properly authorized to execute this application on behalf of the applicant; he/she believes the applicant to be the owner of the trademark/service mark sought to be registered, or, if the application is being filed under 15 U.S.C. §1051(b), he/she believes applicant to be entitled to use such mark in commerce; to the best of his/her knowledge and belief no other person, firm, corporation, or association has the right to use the mark in commerce, either in the identical form thereof or in such near resemblance thereto as to be likely, when used on or in connection with the goods/services of such other person, to cause confusion, or to cause mistake, or to deceive; that if the original application was submitted unsigned, that all statements in the original application and this submission made of the declaration signer's knowledge are true; and all statements in the original application and this submission made on information and belief are believed to be true.

**NOTE TO APPLICANT:** When filed as part of the electronic form (i.e., scanned and attached as an image file), the signature page **must** include both the signature information **and** the boilerplate declaration language. Do **not** include the entire application, but do ensure that the boilerplate declaration language actually appears; *a signature by itself will not be acceptable*. If, due to browser limitations, the boilerplate declaration language appears on a previous page when printed, you must "merge" the declaration and signature block onto a single page prior to signing, so that the *one complete page* can be scanned to create an acceptable image file. It is recommended that you copy-and-paste the entire text form into another document, manipulate the spacing there to move the declaration and signature section to a separate page, and then print this new version of the text form to send to the signatory.
