

WELCOME TO CASE IN POINT

Change to Dark Background

Have radiology on the brain? Of course you do. Put your overworked mind to good use with the daily Case in Point program, which gives you the opportunity each weekday to work through a subspecialty case developed by a community of residents, their mentors, and others.

Determine the differential diagnosis, make conclusions, review images, and solidify your knowledge of both unique and important diagnoses. Plus, eligible ACR physician members can earn free CME. Start right now with the case of the day below, and then [sign up](#) to receive new cases delivered straight to your inbox every weekday.

CASE OF THE DAY

Friday, June 30, 2017

A 57-year-old woman presents with mild dyspnea and a cough spanning many years.

CME INFORMATION

The *AMA PRA Category 1 Credit™* for each case is valid for 3 years from the date the case was posted. Credits awarded for this enduring activity are designated "SA-CME" by the American Board of Radiology (ABR) and qualify toward fulfilling requirements for Maintenance of Certification (MOC) Part II: Lifelong Learning and Self-assessment.
