

**Dear USPTO,**

**1> On June 06, 2019 I filed a trademark application for VIPCBD™.**

- \* Serial #88/461,565.**
- \* In class #05.**
- \* As 1-A filing basis.**
- \* Including specimens for the mark in use.**

**2> A couple of days later, June 9, 2019, I intended to file an additional trademark application for vipHemp™.**

- \* Serial #88/465,262.**
- \* In class #05.**
- \* As 1-A filing basis.**
- \* Included are the specimens showing vipHemp™ in use.**
- \* The specimens match the intended mark filed.**

**NOTE:**

- \* Herein the applicant, John D. Blue, would like to file a Voluntary Amendment.**
- \* When I called the USPTO and explained my mistake, I was told to file a Voluntary Amendment.**
- \* When doing the on-line filing I made the MISTAKE of entering the WRONG mark.**
- \* I entered VIPCBD™, instead of vipHemp™.**

**NOTE:**

- \* I just called the USPTO again for advice.**
- \* I was instructed to preview:**

<https://tmep.uspto.gov/RDMS/TMEP/current#/current/TMEP-800d1e1.html>

- \* Section: 807.14 > Material Alteration of Mark.**
- \* Which I did read and have decided to file this present Voluntary Amendment.**
- \* The USPTO associate mentioned that in 3-4 months a Trademark attorney would review this filed Amendment.**
- \* To date, I have personally filed 140 trade & service marks applications with the USPTO.**
- \* Please make the necessary change when the time is appropriate.**

**Regards,**
